

13.010 Definitions.

Amendment, Minor. A change to a preliminary plan or plat which:

- (1) Does not change the number of lots or parcels created by the subdivision or partition;
- (2) Does not "substantially enlarge or reduce" the boundaries of subdivided or partitioned area;
- (3) Does not change the general location or amount of land devoted to a specific land use; or
- (4) Includes only minor shifting of the proposed parcel or lot lines, location of buildings, proposed public or private streets, pedestrian ways, utility easements, parks or other public open spaces, septic tank drainfield locations and well locations.

Amendment, Major. A change to preliminary plan or plat which is not a minor amendment.

Area. The total horizontal area within the boundary lines of a parcel, lot or unpartitioned or unsubdivided tract of land, exclusive of County or local access i.e., public roads.

Building Site. That portion of the lot, parcel or unpartitioned or unsubdivided tract of land upon which the building and appurtenances are to be placed, or are already existing, including adequate areas for sewage disposal, light and air clearances, proper drainage, appropriate easements and, if applicable, other items required by the Lane Code.

Cluster Subdivision. A subdivision for which the applicable zoning district allows relaxed lot area, coverage and setback requirements and alternative types of dwellings as specified in LC Chapters 10 and 16. Consistency with the cluster subdivision Policy #23 set forth under Goal 2, Land Use Planning of the Lane County General Plan Policies is also required by LC Chapter 16.

Contiguous. Having at least one common boundary line greater than eight feet in length. Tracts of land under the same ownership and which are intervened by a street (local access-public, County, State or Federal street) shall not be considered contiguous.

Department. The Department of Public Works.

Depth. The horizontal distance between the front and rear boundary lines measured in the mean direction of the side boundary lines.

Director. "Within the Department of Public Works, the Director of the Planning Division or the Director's duly appointed representative."

Flood or Flooding. A general or temporary condition of partial or complete inundation of normally dry land areas from the inland or tidal waters from any source.

Floodplain. A physical geographic term describing any land area susceptible to being inundated by water from any source.

Floodway, Regulatory. The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the waters of a base flood without cumulatively increasing the water surface elevation.

Improvement Agreement. An agreement that under prescribed circumstances may be used in lieu of required improvements of a performance agreement. It is a written agreement that is executed between the County and a developer, in a form improved by the Board of County Commissioners, in which the developer agrees to sign at a time any and all petitions, consents, etc., and all other documents necessary to improve an abutting road or other required improvements to County standards and to waive all rights or remonstrances against such improvements, in exchange for which the County agrees that the execution of the improvement agreement will be deemed to be in compliance with the improvement requirements of the Code.

Lawfully Established Unit of Land.

- (1) A lot or parcel created pursuant to ORS 92.010 to 92.190; or
- (2) Another unit of land:
 - (a) Created in compliance with all applicable planning, zoning and subdivision or partition ordinances and regulations; or
 - (b) Created by deed or land sales contract, if there were no applicable planning, zoning or subdivision or partition ordinances or regulations; or
 - (c) That received legal lot verification from the County and was noticed pursuant LC 13.020.
- (3) 'Lawfully established unit of land' does not mean a unit of land created solely to establish a separate tax account.
- (4) A lot or parcel lawfully created shall remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law.

Legal Lot. A lawfully created lot or parcel. A lot or parcel lawfully created shall remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided as provided by law.

Legal Lot Verification. A determination that a unit of land was created in conformance with the Lane Code and other applicable law. A preliminary determination shall only become final when it is made and noticed pursuant to LC 13.020.

Lot. A unit of land that is created by a subdivision of land.

Panhandle. A narrow extension of a tract, 60 feet or less in width, which is used as access to the main portion of the tract.

Parcel.

- (1) Includes a unit of land created:
 - (a) By partitioning land as defined in LC 13.010.
 - (b) In compliance with all applicable planning, zoning and partitioning ordinances and regulations; or
 - (c) By deed or land sales contract if there are no applicable planning, zoning or partitioning ordinances or regulations.
- (2) It does not include a unit of land created solely to establish a separate tax account.

Partition. Either an act of partitioning land or an area or tract of land partitioned.

Partition Plat. Includes a final map and other writing containing all the descriptions, locations, specifications, provisions and information concerning a partition.

Partitioning Land. Dividing land to create not more than three parcels of land within a calendar year but does not include:

- (1) Dividing land as a result of a lien foreclosure, foreclosure of a recorded contract for the sale of real property or the creation of cemetery lots;
- (2) Adjusting a property line as property line adjustment is defined in LC 13.010;
- (3) Dividing land as a result of the recording of a subdivision or condominium plat;
- (4) Selling or granting by a person to a public agency or public body of property for state highway, County road, city street or other right-of-way purposes, if the road or right-of-way complies with the Lane County Rural Comprehensive plan and ORS 215.213(2)(p) to (r) and 215.283(2)(q) to (s). However, any property sold or granted for state highway, county road, city street or other right of way purposes shall continue to be considered a single unit of land until the property is further subdivided or partitioned; or
- (5) Selling or granting by a public agency or public body of excess property resulting from the acquisition of land by the state, a political subdivision or special

district for highways, county roads, city streets or other right of way purposes when the sale or grant is part of a property line adjustment incorporating the excess right of way into adjacent property. The property line adjustment shall be approved or disapproved by the Planning Director. If the property line adjustment is approved, it shall be recorded in the deed records of the county where the property is located.

Performance Agreement. A written agreement executed by a subdivider or partitioner in a form approved by the Board and accompanied by a security also approved by the Board. The security shall be of sufficient amount to ensure the faithful performance and completion of all required improvements in a specified period of time.

Plat. A final diagram and other documents relating to a subdivision, replat or partition.

Property Line. "Property line" means the division line between two units of land.

Property Line Adjustment. A relocation or elimination of all or a portion of the common property line between abutting properties that does not create an additional lot or parcel.

Replat. Includes a final map of the reconfiguration of lots and easements of a recorded subdivision or partition plat and other writings concerning a recorded subdivision or partition plat.

Road. The entire right-of-way of any public or private way that provides vehicular ingress and egress from property or provides travel between places by vehicles.

Sewerage Facility or Sewage Facility. The sewers, drains, treatment and disposal works and other facilities useful or necessary in the collection, treatment or disposal of sewage, industrial waste, garbage or other wastes.

(1) Sewerage Facility, Community. A sewerage facility, whether publicly or privately owned, which serves more than one parcel or lot.

(2) Sewerage Facility, Individual. A privately owned sewerage facility which serves a single parcel or lot for the purpose of disposal of domestic waste products.

(3) Sewerage Facility, Public. A sewerage facility, whether publicly or privately owned, which serves users for the purpose of disposal of sewage and which facility is provided, or is available, for public use.

Street. The term is synonymous with "road."

Subdivide Land. To divide an area or tract of land into four or more lots within a calendar year.

Subdivision. Either an act of subdividing land or an area or a tract of land subdivided as defined in this section.

Tract. A lot or parcel as defined in LC 13.010.

Width. The horizontal distance between the side boundary lines measured in the mean direction of the front and rear boundary lines. *(Revised by Ordinance No. 16-83; Effective 9.14.83; 10-84, 9.8.84; 10-86; 9.10.86; 1-90, 2.7.90; 7-04, 7.15.04; 2-09, 1.8.10)*

14.015 Definitions.

For the purpose of this Code, certain abbreviations, terms, phrases, words and their derivatives shall be construed as specified in this chapter. Words used in the singular include the plural and the plural the singular. Words used in the masculine gender include the feminine, and the feminine the masculine.

Where terms are not defined, they shall have their ordinary accepted meanings within the context in which they are used. Webster's Third New International Dictionary of the English Language, Unabridged, copyright 1981, principal copyright 1961, shall be considered as providing accepted meanings.

Acceptance. Received by and considered by the Director as sufficiently complete to begin processing according to the application or appeal review procedures of this chapter.

Appearance. Submission of testimony or evidence in the proceeding, either oral or written. Appearance does not include a name or address on a petition.

Approval Authority. A person, or a group of persons, given authority by Lane Code to review and/or make decisions upon certain applications according to the review procedures of this chapter.

Argument. The assertions and analysis regarding the satisfaction or violation of legal standards or policy believed relevant by the proponent to a decision. Argument does not include facts.

Board. The Lane County Board of Commissioners.

County Official. The Director of a Lane County Department or Division, or any Lane County advisory committee or commission acting in its official capacity.

Day. A calendar day, computed consistent with ORS 174.120.

Department. The Lane County Department of Public Works.

Director. The Director of the Land Management Division of the Lane County Public Works Department, or the Director's delegated representative within the Department. The Director shall approve or deny land use applications as authorized by this chapter.

Evidence. The facts, documents, data or other information offered to demonstrate compliance or non-compliance with the standards believed by the proponent to be relevant to the decision.

Hearings Official. A person who has been appointed by the Board to serve at their pleasure and at a salary fixed by them. The Hearings Official shall conduct hearings on applications as authorized by this Code.

Land Use Decision.

(1) A final decision or determination made by a Lane County Approval Authority that concerns the adoption, amendment or application of

- (a) The Goals;
- (b) A comprehensive plan provision;
- (c) A land use regulation; or
- (d) A new land use regulation.

(2) A land use decision does not include a decision made by a Lane County Approval Authority:

- (a) That is made under land use standards which do not require interpretation or the exercise of policy or legal judgment;
- (b) That approves or denies a building permit issued under clear and objective land use standards;
- (c) That is a limited land use decision;

(d) That determines final engineering design, construction, operation, maintenance, repair or preservation of a transportation facility which is otherwise authorized by and consistent with the comprehensive plan and land use regulations;

(e) That is an expedited land division as described in ORS 197.360;

(f) That approves, pursuant to ORS 480.450(7), the siting, installation, maintenance or removal of a liquid petroleum gas container or receptacle regulated exclusively by the State Fire Marshall under ORS 480.410 to 480.460; or

(g) That approves or denies approval of a final subdivision or partition plat or that determines whether a final subdivision or partition plat substantially conforms to the tentative subdivision or partition plan; or

(h) That authorizes an outdoor mass gathering as defined in ORS 433.735, or other gathering of fewer than 3,000 persons that is not anticipated to continue for more than 120 hours in any three-month period; or

i) A land use approval in response to a writ of mandamus.

Land Use Regulation. Any zoning ordinance, land division ordinance adopted under ORS 92.044 to 92.046 or similar general ordinance establishing standards for implementing a comprehensive plan.

Legal Interest. An interest in property not confined solely to ownership or possessory interest, but including all interests in property which, in the discretion of the Director, are not inconsistent with the intent and purposes of this chapter. Such interests may include, but are not limited to, the following: owner, contract purchaser, lessee, renter, easement, resolution or ordinance of necessity to acquire or condemn adopted by a public or private condemnor.

Limited Land Use Decision.

(1) Means a final decision or determination made by a Lane County Approval Authority, as defined in LC 14.015, pertaining to a site within an urban growth boundary and which concerns:

(a) The approval or denial of a subdivision or partition plan, as described in ORS 92.040 (1).

(b) The approval or denial of an application based on discretionary standards designed to regulate the physical characteristics of a use permitted outright, including but not limited to site review pursuant to the Site Review Procedures of LC 10.335.

(2) Does not mean a final decision made by a Lane County Approval Authority, as defined in LC 14.015, pertaining to a site within an urban growth boundary that concerns approval or denial of a final subdivision or partition plat or that determines whether a final subdivision or partition plat substantially conforms to the tentative subdivision or partition plan.

New Land Use Regulation. A land use regulation other than an amendment to an acknowledged land use regulation adopted by Lane County.

Party. With respect to actions pursuant to LC 14.100 and 14.200 below, the following persons or entities are defined as parties:

(1) The applicant and all owners or contract purchasers of record, as shown in the files of the Lane County Department of Assessment and Taxation, of the property which is the subject of the application.

(2) Any person who makes an appearance before the Approval Authority.

Permit.

(1) A discretionary approval of a proposed development of land under ORS 215.010 to 215.293, 215.317 to 215.438 and 215.700 to 215.780 or county legislation or regulation adopted pursuant thereto.

(2) "Permit" does not include:

- (a) A limited land use decision;
 - (b) A decision which determines the appropriate zoning classification for a particular use by applying criteria or performance standards defining the uses permitted within the zone, and the determination applies only to land within an urban growth boundary;
 - (c) A decision which determines final engineering, design, construction, operation, maintenance, repair or preservation of a transportation facility which is otherwise authorized by and consistent with the comprehensive plan and land use regulations;
- or
- (d) An action under ORS 197.360(1).

Person. Any individual, his or her heirs, executors, administrators or assigns, or a firm, partnership or corporation, its heirs or successors or assigns, or the agent of any of the aforesaid, any political subdivision, agency, board or bureau of the State or public or private organization of any kind.

Planning Commission. The Planning Commission of Lane County, Oregon.

Planning Director. See Director.

Received. Acquired by or taken into possession by the Director. *(Revised by Ordinance No. 16-83; Effective 9.14.83; 10-89, 10.4.89; 4-96; 11.29.96; 12-97, 11.20.97; 3-09, 12.4.09)*

14.050 Application Requirements, Acceptance and Investigation.

(1) **Contents.** Applications subject to any of the review procedures of this chapter shall:

- (a) Be submitted by any person with a legal interest in the property.
- (b) Be completed on the form prescribed by the Department and submitted to the Department.
- (c) Address the appropriate criteria for review and approval of the application and shall contain the necessary supporting information.
- (d) Be accompanied by the filing fee to help defray the costs of the application.

(2) **Combinable Applications.** Applications for the same property may be combined and concurrently reviewed as a master application, subject to the following permissible combination schemes and required review procedures:

- (a) Applications subject to the review procedures of LC 14.100 below may be combined with other applications subject to the review procedures of LC 14.100 below, and the required review shall be by the Director according to LC 14.100 below.
- (b) Applications subject to Hearings Official approval, according to the review procedures of LC 14.300 below, may be combined with other applications subject to Hearings Official approval according to LC 14.300 below and the required review procedure shall be by the Hearings Official according to LC 14.300 below.
- (c) Applications subject to the review procedures of LC 14.100 below may be combined with applications subject to Hearings Official approval according to LC 14.300 below, and the required review procedure shall be by the Hearings Official according to LC 14.300 below.

(d) A zone change application may be combined with an application for an amendment to the Comprehensive Plan, and the combined application shall be concurrently reviewed by the Planning Commissions and Board according to the review procedures of LC Chapters 12 and 14 for a plan amendment.

(3) **Acceptance.** Applications subject to any of the review criteria of this chapter:

- (a) May be received by the Director at any time and shall not be considered as accepted solely because of having been received;

(b) Shall be, within 30 days of receipt, reviewed by the Director to determine if they meet the requirements of LC 14.050(1) and (2) above and are complete. Applications shall be determined to be complete and shall be accepted by the Director when they include the required information, forms and fees.

(i) If the application for a permit, limited land use decision or zone change is incomplete, the Director shall notify the applicant in writing of exactly what information is missing within 30 days of receipt of the application and allow the applicant to submit the missing information.

(ii) The application shall be deemed complete upon receipt by the Director of:

(aa) All of the missing information;
(bb) Some of the missing information and written notice from the applicant that no other information will be provided; or
(cc) Written notice from the applicant that none of the missing information will be provided.

(iii) If the application was complete when first submitted or the applicant submits additional information, as described in LC 14.050(3)(b)(ii) above, within 180 days of the date the application was first submitted, approval or denial of the application shall be based upon the standards and criteria that were applicable at the time the application was first submitted.

(iv) The Director shall mail written notice to the applicant when the application is deemed complete or accepted.

(c) On the 181st day after first being submitted, the application is void if the applicant has been notified of the missing information as required under LC 14.050(3)(b)(i) and has not submitted:

(i) All of the missing information;
(ii) Some of the missing information and written notice that no other information will be provided; or
(iii) Written notice that none of the missing information will be provided.

(d) Within 10 days of acceptance of an application, the Director shall mail information explaining the proposed development to the persons identified in LC 14.100(4) and, if applicable, notice required by LC 14.160. Persons receiving notice pursuant to LC 14.160 shall have 15 days following the date of postmark of the notice to file written objections as required by LC 14.160(1)(c). All other persons shall have 10 days from the date information is mailed to provide the Director with any comments or concerns regarding the proposed development. After the end of the applicable comment period, the Director shall complete the investigation report and mail notice of a decision or elect to schedule the application for a Hearings Official evidentiary hearing.

(4) Investigation and Reports. The Director shall make, or cause to be made, an investigation to provide necessary information to ensure that the action on each application subject to any review procedure of this chapter is consistent with the criteria established by this chapter and other chapters of Lane Code requiring the review. The report of such investigation shall be included within the application file and, in the event of a hearing, presented to the Approval Authority before or during the hearing.

(5) Timelines for Final Action. For development sites located within an urban growth boundary, except as provided in LC 14.050(5)(a) through (d) below, the Approval Authority shall take final action on an application for a permit, limited land use decision or zone change within 120 days after the application is deemed complete. For development sites located outside an urban growth boundary, except as provided in LC 14.050(5)(a) through (d) below, the Approval Authority shall take final action on an

application for a permit, limited land use decision or zone change within 150 days after the application is deemed complete. Except when an applicant requests an extension under LC 14.050(5)(a) below, if Lane County does not take final action on such an application within the required 120 or 150 days after the application is deemed completed, Lane County shall refund to the applicant either the unexpended portion of any application fees or deposits previously paid or 50 percent of the total amount of such fees or deposits, whichever is greater. The applicant is not liable for additional Lane County land use fees or deposits for the same application incurred subsequent to the payment of such fees or deposits. However, the applicant is responsible for the costs of providing sufficient additional information to address relevant issues identified in the consideration of the application. Exceptions to the requirement to take final action on an application within 120 or 150 days are:

(a) When an applicant waives or requests an extension of the required 120-day or 150-day period for final action. The period set in LC 14.050(5) above may be extended for a specified period of time at the written request of the applicant. The total of all extensions may not exceed 215 days.

(b) When an application is for an amendment to an acknowledged comprehensive plan or land use regulation or adoption of a new land use regulation that was forwarded to the Director of the Department of Land Conservation and Development under ORS 197.610(1).

(c) When a decision is not wholly within the authority and control of Lane County.

(d) When parties have agreed to mediation as described in ORS 197.318(2)(b). *(Revised by Ordinance No. 16-83; Effective 9.14.83; 10-84, 9.8.84; 10-89, 10.4.89; 4-96; 11.29.96; 3-98, 7.8.98; 3-09, 12.4.09)*

14.070 Notice Contents.

(1) Notice of a decision by the Director pursuant to LC 14.100 below shall contain:

(a) Identification of the application by Department file number.
(b) Identification of the contiguous property ownership involved by reference to the property address, if there is one, and to the Lane County Assessment map and tax lot numbers.

(c) Identification of the property owner and applicant.
(d) An explanation of the nature of the application and the proposed use or uses that could be authorized by the decision.

(e) A list of the criteria from Lane Code and the comprehensive plan that apply to the application and decision.

(f) The name of the Department representative to contact and the telephone number where additional information may be obtained.

(g) A statement that the application, all documents and evidence relied upon by the applicant, and the applicable criteria are available for inspection at the Department at no cost and copies will be provided at reasonable cost.

(h) A statement that a copy of the staff report is available for inspection at no cost and copies will be provided at reasonable cost.

(i) Identification of whether the decision is to approve or deny the application, a disclosure of any conditions of approval and the time and date on which the decision shall become final unless appealed.

(j) The deadline for and manner in which an appeal of the decision may be made.

(b) State that issues which may provide the basis for an appeal to the Oregon State Land Use Board of Appeals shall be raised in writing prior to the expiration of the comment period. The notice shall state that issues must be raised with sufficient specificity to enable the Director to respond to each issue.

(c) List, by commonly used citation, the applicable criteria for the decision.

(d) Set forth the street address or other easily understood geographical reference to the subject property.

(e) State the place, date and time that comments are due.

(f) State that copies of all evidence relied upon by the applicant are available for review, and that copies can be obtained at cost.

(g) Include the name and phone number of a Lane County contact person.

(h) Provide notice of the decision to the applicant and any person who submits comments under LC 14.150(4)(a) above. The notice of decision must include an explanation of appeal rights.

(i) Briefly summarize the decision-making process for the limited land use decision being made. *(Revised by Ordinance No. 4-96, Effective 11.29.96)*

14.160 Special Notice and Review Requirements for a Dwelling or Mobile Home Subject to Director Approval in the Exclusive Farm Use Zone, LC 16.212(3)(c).

(1) When reviewing an application for a dwelling or mobile home conditionally permitted by LC 16.212(3)(c), the Director shall:

(a) In addition to the requirements of LC 14.050(3)(c), specify in the notice that "persons have 15 days following the date of postmark of the notice to file a written objection on the grounds only that the dwelling or mobile home, or activities associated with either residence, would force a significant change in or significantly increase the costs of accepted farming practices on nearby lands devoted to farm use."

(b) In addition to the persons identified in LC 14.100(4) above, notice shall be mailed to persons who have requested notice of such applications and who have paid a reasonable fee imposed by the County to cover the cost of such notice.

(c) If an objection received within 15 days of the notice specifies that the residence or activities associated with it would force a significant change in or a significant increase in the costs of accepted farming practices in nearby lands devoted to farm uses, the application shall then be set for hearing pursuant to LC 14.300. *(Revised by Ordinance No. 4-96, Effective 11.29.96)*

14.170 Special Notice Requirements When Sole Access to Land Includes a Railroad-Highway Crossing

(1) If a railroad-highway crossing provides or will provide the only access to land that is the subject of an application for a land use decision, a limited land use decision or an expedited land division, the applicant must indicate that fact in the application submitted to the Planning Director.

(2) The Planning Director shall provide notice to the Department of Transportation and the railroad company whenever the Approval Authority receives the information described in LC 14.170(1) above. For the purposes of LC 14.170, "railroad company" has the meaning given that term in ORS 824.200 and includes every corporation, company, association, joint stock association, partnership or person, and their lessees, trustees or receivers, appointed by any court whatsoever, owning, operating, controlling or managing any railroad.

16.090 Definitions.

For the purpose of this chapter, certain abbreviations, terms, phrases, words and their derivatives shall be construed as specified in this chapter. Words used in the singular include the plural and the plural the singular. Words used in the masculine gender include the feminine and the feminine the masculine. Where terms are not defined, they shall have their ordinary accepted meanings within the context with which they are used. Webster's Third New International Dictionary of the English Language, Unabridged, Copyright 1981, Principal Copyright 1961, shall be considered as providing ordinary accepted meanings.

Acceptance. Received by and considered by the Director as sufficiently complete to begin processing according to the application or appeal review procedures of this chapter.

Accepted Farming Practice. A mode of operation that is common to farms of a similar nature, necessary for the operation of such farms to obtain a profit in money, and customarily utilized in conjunction with farm use.

Accessory. Incidental, appropriate and subordinate to the main use of a tract or structure.

Accretion. The build-up of land along a beach or shore by the deposition of waterborne or airborne sand, sediment, or other material.

Agriculture. Synonymous with definition of "farm use."

Agricultural Building (1) Nothing in this Chapter is intended to authorize the application of a state structural specialty code to any agricultural building or equine facility.

(a) "Agricultural building" means a structure located on a farm and used in the operation of the farm for:

(i) Storage, maintenance or repair of farm machinery and equipment;

(ii) The raising, harvesting and selling of crops;

(iii) The feeding, breeding, management and sale of, or the produce of, livestock, poultry, fur-bearing animals or honeybees;

(iv) Dairying and the sale of dairy products;

(v) Any other agricultural or horticultural use or animal husbandry, or any combination thereof, including the preparation and storage of the produce raised on the farm for human use and animal use and disposal by marketing or otherwise.

(b) "Agricultural building" does not include:

(i) A dwelling;

(ii) A structure used for a purpose other than growing plants in which 10 or more persons are present at any one time;

(iii) A structure regulated by the State Fire Marshall pursuant to ORS chapter 476;

(iv) A structure used by the public; or

(v) A structure subject to sections 4001 to 4127, title 42, United States Code (the National Flood Insurance Act of 1968), as amended, and regulations promulgated thereunder.

(c) "Equine facility" means a building located on a farm and used by the farm owner or the public for:

(i) Stabling or training equines; or

(ii) Riding lessons and training clinics;

(d) "Equine facility" does not include:

(i) A dwelling;

(ii) A structure in which more than 10 persons are present at any one time;

(iii) A structure regulated by the State Fire Marshall pursuant to ORS chapter 476; or

(iv) A structure subject to sections 4001 to 4127, title 42, United States Code (the National Flood Insurance Act of 1968), as amended, and regulations promulgated thereunder.

Alter or Alteration. Any change, addition or modification in use construction or occupancy. For the purposes of LC 16.234 (NE-RCP), 16.235 (CE-RCP), 16.236 (DE-RCP), 16.237 (/SN-RCP), 16.238 (/PW-RCP), 16.239 (/NRC-RCP), 16.240 (/RD-RCP), 16.241 (/MD-RCP), 16.242 (/DMS-RCP), and 16.243 (/BD-RCP); "alteration" means any man-caused change in the environment, including physical, topographic, hydraulic, biological, or other similar environmental changes, or changes which affect water quality.

Altered Shorelines. Shorelines with bulkheads, seawalls, riprap, or other physical structures, but do not include earthen, vegetated dikes.

Amendment, Minor. A change to a preliminary plan, plat or map which:

(1) Does not change the number of lots or parcels created by the subdivision or partition;

(2) Does not "substantially enlarge or reduce" the boundaries of subdivided or partitioned area;

(3) Does not change the general location or amount of land devoted to a specific land use; or

(4) Includes only minor shifting of the proposed parcel or lot lines, location of buildings, proposed public or private streets, pedestrian ways, utility easements, parks or other public open spaces, septic tank drainfield locations and well locations.

Amendment, Major. A change to preliminary plan, plat or map which is not a minor amendment.

Anadromous. Referring to fish, such as salmon, which hatch in fresh water, migrate to ocean waters to grow and mature, and return to fresh waters to spawn.

Animal Hospital. A place where animals or pets are given medical or surgical treatment and the boarding of animals is limited to short-term care incidental to the hospital use.

Appearance. Submission of testimony or evidence in the proceeding, either oral or written. Appearance does not include a name or address on a petition.

Approval Authority. A person, or a group of persons, given authority by Lane Code to review and/or make decisions upon certain applications according to the review procedures of Lane Code Chapter 14.

Approximate Flood Hazard Study Area. Flood hazard areas as shown on the Federal Flood Hazard Boundary Maps where base flooding elevations have not been determined.

Aquaculture. The raising, feeding, planting and harvesting of fish, shell fish or waterborne plants and associated facilities necessary for the use.

Area. The surface included within any set of lines which may be further defined in square feet or acres, exclusive of County or local access public street.

Area of Flood Hazard. The land in the floodplain within a community subject to a one percent chance of flooding in any given year.

Avulsion. A tearing away or separation by the force of water. Land which is separated from uplands or adjacent properties by the action of a stream or river cutting through the land to form a new stream bed.

Base Flood. A flood that has a one percent chance of being equaled or exceeded in any given year.

Beach. Gently sloping area of loose material (e.g., sand, gravel and cobbles) that extends landward from the low waterline (of the uppermost line of wave and tidal action) to a point where there is a definite change in the material type or land form, or to the line of vegetation.

Bed and Breakfast Accommodation. An accessory use to be carried on within a structure designed for and occupied as a single-family dwelling in which no more than five sleeping rooms are provided on a daily or weekly period, not to exceed 29 consecutive days, for the use of travelers or transients for a charge or fee. Provision of a morning meal is customary as implied by title. Bed and Breakfast shall be considered a Home Occupation where not specifically listed as a permitted or conditionally permitted use.

Biofuel. The liquid, gaseous or solid fuels derived from biomass.

Biomass. The organic matter that is available on a renewable or recurring basis and that is derived from:

(1) Forest or rangeland woody debris from harvesting or thinning conducted to improve forest or rangeland ecological health and reduce uncharacteristic stand replacing wildfire risk;

(2) Wood material from hardwood timber described in ORS 321.267(3);

(3) Agricultural residues;

(4) Offal and tallow from animal rendering;

(5) Food wastes collected as provided under ORS Chapter 459 or 459A;

(6) Yard or wood debris collected as provided under ORS chapter 459 or 459A;

(7) Wastewater solids; or

(8) Crops grown solely to be used for energy.

Biomass does not mean wood that has been treated with creosote pentachlorophenol, inorganic arsenic or other inorganic chemical compounds or waste, other than matter described above.

Board. Board of County Commissioners of Lane County.

Boarding of Horses. The boarding of horses for profit shall include the following:

(1) The stabling, feeding and grooming for a fee, or the renting of stalls for the care of horses not belonging to the owner of the property; and

(2) Related facilities, such as training arenas, corrals and exercise tracks.

The boarding of horses for profit does not include the following:

(a) The mere pasturage of horses or the boarding of horses not owned by the property owner for the purpose of breeding with the owner's stock.

(b) The incidental stabling of not more than four horses.

(c) The boarding of horses for friends or guests where no charge is made.

(d) Equestrian activities when the raising, feeding, training or grooming of horses is a farm use by the property owner of the land qualifying for farm assessment under regulations of the State Department of Revenue.

Boarding House. A dwelling or part thereof, in which lodging is provided by the owner which equals or exceeds the limitations of a bed and breakfast accommodation.

Bridge Crossings. The portion of a bridge spanning a waterway not including supporting structures or fill located in the waterway or adjacent wetlands.

Bridge Crossing Support Structures. Piers, piling, and similar structures necessary to support a bridge span but not including fill for causeways or approaches.

Building. The terms "building" and "structure" shall be synonymous, and shall mean that which is framed, erected, constructed or placed to stand temporarily or permanently on a tract of land. This definition shall specifically include but not be limited to a mobile home, manufactured home and accessories thereto, gas or liquid storage tanks principally above ground and revetments, rip-rap, boat docks or bridges. Driveways or walks not more than six inches higher than the ground on which they rest shall not be considered buildings.

Building Site. That portion of the lot, parcel or unpartitioned or unsubdivided tract of land upon which the building appurtenances are to be placed, or are already existing, including adequate areas for sewage disposal, light, air clearances, proper drainage, appropriate easements and, if applicable, other items required by the Lane Code.

Camp. An area designed for organizational recreation which may include facilities such as; swimming pools, meeting halls and indoor shelters for recreation.

Campground. An area designed for short-term recreational purposes and where facilities, except commercial activities such as grocery stores and laundromats, are provided to accommodate that use. Space for tents, campers, recreational vehicles and motor homes are allowed and permanent open air shelters (adirondacks) may be provided on the site by the owner of the development.

Camping Vehicle Park. Synonymous with definition of Recreational Vehicle Park.

Carrying Capacity. Level of use which can be accommodated and continued without irreversible impairment of natural resources productivity, the ecosystem and the quality of air, land, and water resources.

Carrying Capacity Management. The management of coastal resources to ensure that public infrastructure systems are appropriately sized, located and managed so that the quality and productivity of the resource and other natural areas are protected.

Cemetery. Land used or intended to be used for the burial of the dead and dedicated for cemetery purposes, including columbariums, crematoriums, mausoleums and mortuaries, when operated in conjunction with and within the boundary of such cemetery.

Church. A building, together with its accessory buildings and uses, where persons regularly assemble for worship, and which building, together with its accessory buildings and uses, is maintained and controlled by a religious body organized to sustain public worship. A church does not include a school.

Clinic. Single or multiple offices for physicians, surgeons, dentists, chiropractors, osteopaths and other members of the healing arts, including a dispensary in each such building to handle only merchandise of a nature customarily prescribed by occupants in connection with their practices.

Cluster Subdivision. A subdivision for which the applicable zoning district allows relaxed lot area, coverage and setback requirements and alternative types of dwellings as specified in LC Chapter 16, and which is consistent with the cluster subdivision Policy #24 set forth under Goal 2, Land Use Planning of the Lane County General Plan Policies.

Coastal Lakes. Lakes in the coastal zone that are bordered by a dune formation or that have a direct hydrologic surface or subsurface connection with saltwater.

Coastal Recreation. Occurs in offshore waters, estuaries, and streams, along beaches and bluffs, and in adjacent shorelands. It includes a variety of activities, from swimming, scuba diving, boating, fishing, hunting, and use of off-highway vehicles (OHV), shell collecting, painting, wildlife observation, and sightseeing, to the uses of coastal resorts and water-oriented restaurants.

Coastal Shorelands. Those areas immediately adjacent to the ocean, all estuaries and associated wetlands, and all coastal lakes.

Communication Facility. A facility constructed for the purpose of transmitting telegraph, telephone, microwave, television, radio and other similar signals.

Comprehensive Plan. A generalized, coordinated land use map and policy statement of the governing body of a local government that interrelates all functional and natural systems and activities relating to the use of lands, including, but not limited to, sewer and water systems, transportation systems, educational facilities, recreational facilities and natural resources and air and water quality management programs. "Comprehensive" means all inclusive, both in terms of the geographic area covered and functional and natural activities and systems occurring in the area covered by the plan. "General nature" means a summary of policies and proposals in broad categories and does not necessarily indicate specific locations of any area, activity or use. A plan is "coordinated" when the needs of all levels of governments, semipublic and private

agencies and the citizens of Oregon have been considered and accommodated as much as possible. "Land" includes water, both surface and subsurface, and the air.

Contiguous. Having at least one common boundary line greater than eight feet in length. Tracts of land under the same ownership and which are intervened by a street (local access, public, County, State or Federal street) shall not be considered contiguous.

County Official. The Director of a Lane County Department or Division, or any Lane County advisory committee or commission acting in its official capacity.

Cultured Christmas Trees. Means trees:

(1) Grown on lands used exclusively for that purpose, capable of preparation by intensive cultivation methods such as plowing or turning over the soil;

(2) Of a marketable species;

(3) Managed to produce trees meeting U.S. No. 2 or better standards for Christmas trees as specified by the Agriculture Marketing Services of the United States Department of Agriculture; and

(4) Evidencing periodic maintenance practices of shearing for Douglas fir and pine species, weed and brush control and one or more of the following practices: Basal pruning, fertilizing, insect and disease control, stump culture, soil cultivation, irrigation.

Current Employment of Land for Farm Use. Includes:

(1) Farmland, the operation or use of which is subject to any farm-related government program;

(2) Land lying fallow for one year as a normal and regular requirement of good agricultural husbandry;

(3) Land planted in orchards or other perennials, other than land specified in LC 16.090(6) below prior to maturity;

(4) Any land constituting a woodlot not to exceed 20 acres, contiguous to and owned by the owner of land specially valued at true cash value for farm use even if the land constituting the woodlot is not utilized in conjunction with farm use;

(5) Wasteland, in an exclusive farm use zone, dry or covered with water, neither economically tillable nor grazeable, lying in or adjacent to and in common ownership with a farm use land and which is not currently being used for any economic farm use;

(6) Land not in an exclusive farm use zone which has not been eligible for assessment at special farm use value in the year prior to planting the current crop and has been planted in orchards, cultured Christmas trees or vineyards for at least three years;

(7) Except for land under a single family dwelling, land under buildings supporting accepted farm practices, including the processing facilities allowed by ORS 215.213(1)(x) and 215.283(1)(u) and the processing of farm crops into biofuel as commercial activities in conjunction with farm use under ORS 215.213(2)(c) and ORS 215.283 (2)(a);

(8) Water impoundments lying in or adjacent to and in common ownership with farm use land;

(9) Land lying idle for no more than one year where the absence of farming activity is due to the illness of the farmer or member of the farmer's immediate family. For purposes of this paragraph, illness includes injury or infirmity whether or not such illness results in death;

(10) Any land described under ORS 321.267(3) or 321.824(3);

(11) Land used for the primary purpose of obtaining a profit in money by breeding, raising, kenneling or training of greyhounds for racing; and

(12) Land used for the processing of farm crops into biofuel, as defined in LC 16.090, if:

(a) Only the crops of the landowner are being processed;

(b) The biofuel from all of the crops purchased for processing into biofuel is used on the farm of the landowner; or

(c) The landowner is custom processing crops into biofuel from other landowners in the area for their use or sale.

Day. A calendar day, computed consistent with ORS 174.120.

Day Care Nurseries. Any institution, establishment or place in which are commonly received at one time, six or more children not of common parentage, under the age of six years, for a period or periods not exceeding 12 hours, for the purpose of being given board, care or training apart from their parents or guardians for compensation or reward.

Deflation Plain. The broad interdune area which is wind-scoured to the level of the summer water table. Some deflation plains are delineated wetlands subject to protection per Section 7 of the Clean Water Act.

Department. The Lane County Department of Public Works.

Depth. The horizontal distance between the front and rear boundary lines measured in the mean direction of the side boundary lines.

Design Depth. The channel depth authorized by Congress and maintained by the U. S. Army Corps of Engineers. The actual maintained depth of a channel may exceed the design or authorized depth because of:

- (1) The limits of dredging precision which causes "overdepth"; and
- (2) The practice, where approved by the Corps of Engineers, of "advanced maintenance" overdredging which designates the amount of extra depth to be dredged to insure clear project depths for the time period between maintenance operations.

Destroy. To ruin the structure, organic existence, or condition of: as to pull or tear down, to lay waste, to ruin completely or injure or mutilate by clearing, tearing, breaking, cutting, spraying with pesticides or herbicides, burning or erosion.

Development. The division of a parcel of land into two or more parcels; the construction, reconstruction, conversion, structural alteration, relocation or enlargement of any structure; any mining, excavation, landfill or grading, including the removal or destruction of vegetation within a protected riparian setback area designated by the Rural Comprehensive Plan.

Development, Minimal. Development which is of minimal economic value and is essentially impermanent. Examples are dune boardwalks, fences which do not substantially affect sand erosion or migration, temporary open-sided structures or approved septic drainfield serving permitted development.

Director. The Director of the Land Management Division of the Lane County Public Works Department, or the Director's delegated representative within the Department.

Dune. A hill or ridge of sand built up by wind along sandy coasts.

Dune, Active. A dune that migrates, grows and diminishes primarily according to the force of wind and supply of sand. The dune has no soil development and little, if any, cohesion of underlying sand. Active dunes include all open sand (vegetation free) areas and active (sparsely vegetated) hummocks and foredunes. Soil types are 72K and occasionally Westport series soils.

Dune Complex. Various patterns of small dunes with partially stabilized intervening areas.

Dune, Older Stabilized. A dune that is stable from wind erosion, and that has significant soil development and that may include diverse forest cover. They include older foredunes.

Dune, Recently Stabilized. A dune which presently has sufficient vegetation to be stabilized from wind erosion but which exhibits little, if any, soil development or cohesion of underlying sand. This includes soil-less dunes recently stabilized with beach grass and younger stabilized dunes which may possess forest communities and some soil

development but which lack consolidation of underlying sands. Soil types are of Westport and Netarts series soils. Recently stabilized dunes include conditionally stable foredunes, conditionally stable dunes, dune complexes, and younger stabilized dunes. "Conditionally" stabilized means that stability from wind erosion is dependent upon maintaining the vegetative cover."

Dune, Younger Stabilized. A wind-stable dune with weakly developed soils and vegetation.

Dwelling. A building or portion thereof which is occupied in whole or in part as a residence or sleeping place, either permanently or temporarily, but excluding hotels, motels, auto courts, mobile homes and camping vehicles. Where the term, "dwelling," is used in Lane Code Chapter 16, it shall mean a single-family dwelling unless otherwise noted.

Dwelling, Multiple. A building designed and used for occupancy by three or more families, all living independently of each other, and having separate housekeeping facilities for each family.

Dwelling, Single-Family. A detached dwelling designed or used exclusively for the occupancy of one family and having housekeeping facilities for one family.

Dwelling, Two-Family (Duplex). A building consisting of two separate dwelling units with a common roof and common foundation, designed and used exclusively for the occupancy of two families living independently of each other and having housekeeping facilities for each family.

Enhancement. An action which results in a long-term improvement of existing functional characteristics and processes that is not the result of a creation or restoration action.

Entrance channel. That portion of the waterway exposed to wave surge from the open sea and which provides protected access or opening to the main channel, as authorized by the Corps of Engineers.

Estuary/Estuarine. A body of water semienclosed by land, connected with the open ocean and within which salt water is usually diluted by fresh water derived from the land. The estuary includes: (a) estuarine water; (b) tidelands; (c) tidal marshes; and (d) submerged lands. Estuaries extend upstream to the head of tidewater.

Exploration. Superficial survey measures which do not include active seismic surveys or prospect well drilling.

Existing Manufactured Home Park or Subdivision. Existing manufactured home park or subdivision means a manufactured home park for which the construction of facilities for servicing the lot on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, either final site grading or the pouring of concrete pads and the construction of streets) are completed before December 18, 1985 the effective date of Lane County's conversion to the Regular Flood Insurance Program.

Expansion to an Existing Manufactured Home Park or Subdivision. Expansion to an existing manufactured home park or subdivision means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, either final site grading or pouring of concrete pads, or the construction of streets).

Family. An individual or two or more persons related by blood or marriage or group of not more than five persons (excluding servants), who need not be related by blood or marriage, living together in a dwelling unit.

Family Day Care Facility. As authorized and regulated by ORS 418.817, a care facility for children within a residential dwelling allowed by the residential, commercial or agricultural zone in which the day care center occurs. Such a facility may provide either full-time or part-time supervision and care for no more than 12 children including the children of the resident-operator(s).

Farm Use. Means:

(1) The current employment of land for the primary purpose of obtaining a profit in money by raising, harvesting and selling crops or by the feeding, breeding, management and sale of, or the produce of, livestock, poultry, furbearing animals or honeybees or for dairying and the sale of dairy products or any other agricultural or horticultural use or animal husbandry or any combination thereof;

(2) The preparation, storage and disposal by marketing or otherwise of the products or byproducts raised on such land for human use and animal use;

(3) The propagation, cultivation, maintenance and harvesting of aquatic species and bird and animal species to the extent allowed by the State Fish and Wildlife Commission;

(4) Not including the use of land subject to the provisions of ORS Chapter 321, except land used exclusively for growing cultured Christmas trees as defined in LC 16.090 above or land described in ORS 321.267(3) or 321.824(3);

(5) The current employment of land for the primary purpose of making a profit in money by stabling or training equines including but not limited to providing riding lessons, training clinics and schooling shows; or

(6) The on-site construction and maintenance of equipment and facilities used for the activities described in this definition.

Fill. The placement by humans of sand, gravel, earth, sediment or other material to create new uplands or raise the elevation of land. Activities such as diking, jetties, groins, breakwaters (nonfloating) and dredge material can also be considered fill if they: (a) involve the human placement of materials; and (b) create new uplands or raise the elevation of land.

Flood or Flooding. A general or temporary condition of partial or complete inundation of normally dry land areas from the overflow of inland or tidal waters from any source.

Flood Elevation Determination. A determination by the Administrator of the water surface elevations of the base flood from the approved flood hazard studies.

Flood Hazard Boundary Map, (FHBM). An official map of the County furnished by the Federal Insurance Administration, labeled a Flood Hazard Boundary Map (FHBM) and delineating the boundaries of flood hazard areas.

Floodplain. A physical geographic term describing any land area susceptible to being inundated by water from any source.

Floodplain Management. The operation of an overall program of corrective and preventative measures for reducing flood damage, including, but not limited to, emergency preparedness plans, flood control works and floodplain management regulations.

Floodplain Management Regulations. This Floodplain ordinance, together with building code requirements, health regulations and any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

Floodproofing. Any combination of structural and nonstructural additions, changes or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

Floodway, Regulatory. The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the waters of a base flood without cumulatively increasing the water surface elevation.

Floor, Habitable. A floor usable for living purposes, which includes working, sleeping, eating, cooking or recreation, or a combination thereof. A floor used only for storage purposes is not a habitable floor.

Foredune. The first ridge of sand or hummock dunes situated immediately above the highest tide line and parallel to the beach. This includes active foredunes,

conditionally stable foredunes and older foredunes. These may be sparsely vegetated or vegetated to the degree that they are wind stable. Soil types are Heceta fine sand 204A and Westport soils 205C and 206D.

Foredune, Active. An unstable barrier ridge of sand paralleling the beach and subject to wind erosion, water erosion, and growth from new sand deposits. Active foredunes may include areas with beach grass, and occur in sand spits and at river mouths as well as elsewhere.

Foredune, Conditionally Stable. An active foredune that has ceased growing in height and that has become conditionally stable with regard to wind erosion.

Foredune, Older. A conditionally stable foredune that has become wind stabilized by diverse vegetation and soil development.

Forest Operation. Any commercial activity relating to the growing or harvesting of any forest tree species as defined in ORS 527.620(6).

Forest Uses. Are (1) the production of trees and the processing of forest products; (2) open space, buffers from noise and visual separation of conflicting uses; (3) watershed protection and wildlife and fisheries habitat; (4) soil protection from wind and water; (5) maintenance of clean air and water; (6) outdoor recreational activities and related support services and wilderness values compatible with these uses; and (7) grazing land for livestock.

Freeboard. A factor of safety usually expressed in feet above a flood level for purposes of floodplain management.

Garage, Private Parking. A publicly or privately-owned structure having one or more tiers of height used for the parking of automobiles for the tenants, employees or owners of the property for which the parking spaces contained in or on said garage are required by this chapter, and which is not open for use by the general public.

Garage, Public Parking. A publicly or privately-owned structure having one or more tiers of height used for the parking of automobiles and open for use by the general public, either free or for remuneration. Public parking garages may include parking spaces for customers, patrons or clients which are required by this chapter, provided said parking spaces are clearly identified as free parking space(s) for the building or use which is required to provide said space(s).

General Merchandise. Items for human use, including: books and stationary, newspapers and magazines, clothing, furniture, drugs, curios and antiques, plants and flowers, household goods and furnishings, musical instruments and supplies, seeds and garden supplies, sporting goods, jewelry, art objects and supplies, pottery, handicrafts, photographic supplies, optical goods.

Grazing. The use of land for the pasture of horses, cattle, sheep, goats and/or other domestic herbivorous animals alone or in conjunction with agricultural pursuits.

Grazing, Low Intensity. Low intensity grazing is the use of land for pasture of horses, cattle, sheep, goats and/or other domestic herbivores at levels which will not damage permanent ground cover.

Group Care Home. Any home or institution maintained and operated for the care, boarding, housing or training of six or more physically, mentally or socially handicapped persons or delinquent or dependent persons by any person who is not the parent or guardian of and who is not related by blood, marriage or legal adoption to such persons.

Guest House, Servant's Quarters. An accessory building without kitchen or cooking facilities and occupied solely by nonpaying guests or by servants employed on the premises.

Hearings Official. A person who has been appointed by the Board of County Commissioners to serve at its pleasure and at a salary fixed by it.

Historic Property. Real property currently listed in the National Register of Historic Places and/or an official state listing of historic places, and designated as a

historic site or structure in the applicable comprehensive plan. Such property must otherwise comply with the definition of historic property in ORS 358.480.

Historic Structure or Site. Property which had been identified by Lane County in its adopted Rural Comprehensive Plan findings as:

(1) Historically significant.

(2) In need of protection in order to preserve its historical significance, and for which the means of protection shall be the application of the Historic Structures or Sites Combining (/H-RCP) Zone.

The above sites are also identified separately in LM 11.300.

Horticultural Specialties. A crop distinguishable from typical commercial crops mentioned in the farm groupings of the EFU zone which are conducive to intensive management techniques.

Hydraulic. Related to the movement or pressure of water.

Hydraulic hazards. Hydraulic hazards are those associated with erosion or sedimentation caused by the action of water flowing in a river or streambed, or oceanic currents and waves.

Hydraulic processes. Actions resulting from the effect of moving water or water pressure on the bed, banks, and shorelands of water bodies (oceans, estuaries, streams, lakes and rivers).

Improvement Agreement. An agreement that under prescribed circumstances may be used in lieu of required improvements of a performance agreement. It is a written agreement that is executed between the County and a developer, in a form approved by the Board of County Commissioners, in which the developer agrees to sign at a time any and all petitions, consents, etc., and all other documents necessary to improve an abutting road or other required improvements to County standards and to waive all rights or remonstrances against such improvements, in exchange for which the County agrees that the execution of the improvement agreement will be deemed to be in compliance with the improvement requirements of the Code.

Indigenous Vegetation. Plant species not introduced directly or indirectly into a particular area from the outside. Originating or developing or produced naturally in a particular area.

Intensification. Any additions which increase or expand the area or amount of an existing use or the level of activity. Remodeling of the exterior of a structure is an intensification when it will substantially alter the appearance of the structure. Intensification shall not include the completion of a structure for which a valid permit was issued as of December 5, 1975.

Interdune Area. Low-lying areas between higher sand landforms and which are generally under water during part of the year.

Interior Lot. A lot, other than a corner lot, having frontage on only one street.

Intertidal. Between the levels of mean lower low tide (MLLT) and mean higher high tide (MDMT).

Jetty. A structure extending seaward from the mouth of a river designed to stabilize the river mouth by preventing the build up of material at the river's mouth, and to direct or confine the stream or tidal flow.

Kennel; Commercial. A place of business where dogs are boarded. No more than two of the dogs shall be used for breeding. The term is not intended to include an animal hospital or noncommercial kennel.

Kennel; Commercial Breeding. A place of business for the breeding and/or selling of dogs. The term is not intended to include an animal hospital or noncommercial kennel.

Kennel; Noncommercial. An establishment or premises where three or more dogs, over six months of age, are kept or maintained. No more than two of the dogs shall be used for breeding. The term does not include any animal hospital.

Lawfully Established Unit of Land.

- (1) A lot or parcel created pursuant to ORS 92.010 to 92.190; or
- (2) Another unit of land:
 - (a) Created in compliance with all applicable planning, zoning and subdivision or partition ordinances and regulations; or
 - (b) Created by deed or land sales contract, if there were no applicable planning, zoning or subdivision or partition ordinances or regulations; or
 - (c) That received legal lot verification from the County and was noticed pursuant LC 13.020.

(3) 'Lawfully established unit of land' does not mean a unit of land created solely to establish a separate tax account.

(4) A lot or parcel lawfully created shall remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law.

Legal Interest. An interest in property not confined solely to ownership or possessory interest, but including all interests in property which in the discretion of the Planning Director, are not inconsistent with the intent and purposes of this chapter. Such interests may include, but are not limited to, the following: owner, contract purchaser, lessee, renter, licensee, easement, resolution or ordinance of necessity to acquire or condemn adopted by a public or private condemnor.

Legal Lot. A lawfully created lot or parcel. A lot or parcel lawfully created shall remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided as provided by law.

Loading Space. An off street space or berth on the same lot with a building for the temporary parking of a commercial vehicle while loading or unloading merchandise or materials and which abuts upon a street, alley or other appropriate means of access.

Lot. A unit of land that is created by a subdivision of land.

Lot Line; Front. The private property line contiguous with the public street line or place. For corner lots, the front lot line shall be the narrowest street frontage or as shown on the official plat of the property.

Lot Line; Rear. A lot line which is opposite and most distant from the front lot line. In the case of a triangular-shaped lot, the rear lot line for building purposes shall be assumed to be a line 10 feet in length within the lot, parallel to and at the maximum distance from the front lot line.

Lot Line; Side. Any lot line which is not a front or rear line.

Lot of Record. A legal lot which meets all of the lot of record standards specified in ORS Chapter 215 (Sections 9 to 13, Chapter 884, Oregon Laws) and is entitled to a dwelling or mobile home irrespective of land use regulations.

Lowest Floor. The lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage, in an area other than a basement area, is not considered a building's lowest floor, provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements.

Low Intensity. An activity or use conducted at a level that does not require developed facilities and can be accommodated without change to an area or resource.

Main Channel. That part of a waterway which extends upstream from the entrance channel into the estuary proper (also called "inner channel"). All or segments of the main channel may be maintained by dredging. The main channel does not include auxiliary channels or waterways.

Maintain. Support, keep, and continue in an existing state or condition without decline.

Maintained Channels and Jetties. Only those channels or jetties authorized by Congress and which are periodically rehabilitated to deepen or stabilize the watercourse.

Manufactured Home. A structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle."

Manufactured Home Park or Subdivision. A parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

Manufactured Structure. A structure that is designed or able to be relocatable, including but not limited to mobile home and recreational vehicles. The term does not apply to any building or structure regulated under the State of Oregon Structural Specialty Code.

Map, Partition. A final diagram and other documentation relating to a major or minor partition.

Marsh, High Salt. Includes immature high marsh, mature high marsh and diked salt marsh. These marshes are from two to three feet above tide flat areas and are characterized by at least occasional tidal inundation at higher, high tides or, in the case of diked salt marshes, more infrequently with the opening of tide gates or with periodic flooding.

Mining. All or any part of the process of mining by the removal of overburden and the extraction of natural mineral deposits thereby exposed by any method including open-pit mining operations, auger mining operations, processing, surface impacts of underground mining, production of surface mining refuse and the construction of adjacent or off-site borrow pits except those constructed for use as access roads.

The term does not include excavations of sand, gravel, clay, rock or other similar materials conducted by a landowner or tenant on the landowner's or tenant's property for the primary purpose of reconstruction or maintenance of access roads and excavation or grading operations conducted in the process of farming or cemetery operations, onsite road construction or other onsite construction or nonsurface impacts of underground mines.

Minor Navigational Improvements. Alterations necessary to provide water access to existing or permitted uses in conservation management units, including dredging for access channels and for maintaining existing navigation but excluding fill and in-water navigational structures other than floating breakwaters or similar permeable wave barriers.

Mitigation. For the purposes of LC 16.234 (NE-RCP), 16.235 (CE-RCP), 16.236 (DE-RCP); the creation, restoration, or enhancement of an estuarine area to maintain the functional characteristics and processes of the estuary, such as its natural biological characteristics and processes of the estuary, such as its natural biological productivity, habitats, and species diversity, unique features and water quality.

Mobile Home. A vehicle or structure constructed for movement on the public highways, that has sleeping, cooking and plumbing facilities, is intended for human occupancy and is being used for residential purposes and was constructed before January 1, 1962; or a mobile house, a structure constructed for movement on the public highways, that has sleeping, cooking and plumbing facilities, is intended for human occupancy and is being used for residential purposes and was constructed between January 1, 1962 and June 15, 1976, and met the construction requirements of Oregon mobile home law in effect at the time of construction; or a manufactured home, a structure constructed for movement on the public highways, that has sleeping, cooking and plumbing facilities is intended for human occupancy and is being used for residential purposes and was constructed in accordance with federal safety standards regulations in effect at the time of construction.

Mobile Home Park. Any place where four or more mobile homes are located within 500 feet of one another on a lot, tract or parcel of land under the same ownership, the primary purpose of which is to rent space or keep space for rent to any person for a charge or fee paid or to be paid for the rental or use of facilities or to offer space free in

connection with securing the trade or patronage of such person. "Mobile Home Park" does not include a lot or lots located within a subdivision being rented or leased for occupancy by no more than one mobile home per lot if the subdivision was approved by the local government unit having jurisdiction under an ordinance adopted pursuant to ORS 92.010 to 92.160.

Natural Areas. Includes land and water that has substantially retained its natural character, which is an important habitat for plant, animal, or marine life. Such areas are not necessarily completely natural or undisturbed, but can be significant for the study of natural historical, scientific, or paleontological features, or for the appreciation of natural features.

Natural Hazards. Natural events that are known to result in death or endanger the works of man, such as stream flooding, ocean flooding, groundwater, erosion and deposition, landslides, earthquakes, weak foundation soils and other hazards unique to local or regional areas.

Nursing Home. Any home, place or institution which operates and maintains facilities providing convalescent or chronic care, or both, which exceeds that as defined by "Residential Home".

Ocean Flooding. The flooding of lowland areas by salt water owing to tidal action, storm surge, or tsunamis (seismic sea waves). Land forms subject to ocean flooding include beaches, marshes, coastal lowlands, and low-lying interdune areas. Areas of ocean flooding are mapped by the Federal Emergency Management Agency (FEMA). Ocean flooding includes areas of velocity flooding and associated shallow marine flooding.

100 Year Flood. See "Base Flood".

Ordinary High Water. The high water level is defined as that high level of a river which is attained during mean annual flood. It does not include levels attained during exceptional or catastrophic floods. It is often identifiable by physical characteristics such as a clear natural line impressed on the bank, shelving, changes in character in the soil, destruction or absence of vegetation not adapted for life in saturated soils or the presence of flotsam and debris. In the absence of identifying physical characteristics, ordinary high water may be determined by Step backwater analysis upon a two-year frequency flood as determined by the US Army Corps of Engineers.

Ordinary Low Water. The low watermark of a river is that point to which the waters normally recede when the volume of water is at its low level, not determined by the extraordinary year, and further means the line to which the Willamette River ordinarily recedes annually in season even though the elevation of that line may be higher as a result of the Corps of Engineers' flood control structures than would otherwise be the case without such structures. Submersible lands are also considered that land or bank area between the ordinary low and high waterline.

Outdoor Advertising and Structure. Any card, cloth, paper, metal, wood, plastic or painted sign of any kind or character whatsoever, placed for outdoor advertising purpose on the ground, on any tree, wall, rock, post, fence, building or structure. The term "placed" as used in this definition of "Outdoor Advertising Sign" and "Outdoor Advertising Structure" shall include erecting, constructing, posting, painting, printing, tacking, nailing, gluing, sticking, carving or otherwise fastening, affixing or making visible in any manner whatsoever.

Panhandle. A narrow extension of a tract, 60 feet or less in width, which is used as access to the main portion of the tract.

Parcel.

- (1) Includes a unit of land created:
 - (a) by partitioning land as defined in LC 16.090,
 - (b) in compliance with all applicable planning, zoning, and partitioning ordinances and regulations; or

(c) by deed or land sales contract if there are no applicable planning, zoning or partitioning ordinances or regulations.

(2) It does not include a unit of land created solely to establish a separate tax account.

Parking Area, Automobile. Space within a public parking area or a building, exclusive of driveways, ramps, columns, office and work areas, for the temporary parking or storage of one automobile.

Parking Area, Private. Privately or publicly-owned property, other than streets and alleys, on which parking spaces are defined, designated or otherwise identified for use by the tenants, employees or owners of the property for which the parking area is required by this chapter and which is not open for use by the general public.

Parking Area, Public. Privately or publicly-owned property, other than streets or alleys, on which parking spaces are defined, designated or otherwise identified for use by the general public, either free or for remuneration. Public parking areas may include parking lots for retail customers, patrons and/or clients as required by this chapter.

Parking Space. A permanently maintained space with proper access for one standard sized automobile.

Partition. Either an act of partitioning land or an area or tract of land partitioned.

Partitioning Land. Dividing land to create not more than three parcels of land within a calendar year, but does not include:

(1) Dividing land as a result of a lien foreclosure, foreclosure of a recorded contract for the sale of real property or the creation of cemetery lots;

(2) Adjusting a property line as property line adjustment is defined in Lane Code 16.090;

(3) Dividing land as a result of the recording of a subdivision or condominium plat;

(4) Selling or granting by a person to a public agency or public body of property for state highway, County road, city street or other right-of-way purposes-if the road or right-of-way complies with the Lane County Rural Comprehensive plan and ORS 215.213(2)(p) to (r) and 215.283(2)(q) to (s). However, any property sold or granted for state highway, county road, city street or other right of way purposes shall continue to be considered a single unit of land until the property is further subdivided or partitioned; or

(5) Selling or granting by a public agency or public body of excess property resulting from the acquisition of land by the state, a political subdivision or special district for highways, county roads, city streets or other right of way purposes when the sale or grant is part of a property line adjustment incorporating the excess right of way into adjacent property. The property line adjustment shall be approved or disapproved by the Planning Director. If the property line adjustment is approved, it shall be recorded in the deed records of the county where the property is located.

Party. With respect to actions pursuant to LC 14.100 and LC 14.200, the following persons or entities are defined as parties:

(1) The applicant and all owners or contract purchasers of record, as shown in the files of the Lane County Department of Assessment and Taxation, of the property which is the subject of the application.

(2) Any County official.

(3) Any person, or his or her representative, and entity who is specially, personally or adversely affected by the subject matter, as determined by the Approval Authority.

Performance Agreement. A written agreement executed by a subdivider or partitioner in a form approved by the Board of Commissioners and accompanied by a security also approved by the Board. The security shall be of sufficient amount to ensure the faithful performance and completion of all required improvements in a specified period of time.

Person. A natural person, or the heirs, executors, administrators or assigns of the natural person; or a firm, partnership or corporation, its heirs or successors or assigns; or the agent of any of the aforesaid; or any political subdivision, agency, board or bureau of the State.

Personal Services. Laundering, dry cleaning and dyeing; rug cleaning and repair; photographic services; beauty and barber shops; apparel repair and alterations; shoe repair and maintenance; etc.

Planning Commission. The Planning Commission of Lane County, Oregon.

Plat. A final diagram and other documents relating to a subdivision.

Prefabricated Structure. A building or structural unit that has been in whole or substantial part manufactured at an offsite location to be wholly or partially assembled on site, but does not include a mobile home, trailer or recreational vehicle. Prefabricated structures are regulated under the State of Oregon Structural Specialty Code.

Primary Processing Facility. A facility for the primary processing of forest products. The primary processing of a forest product means the use of a portable chipper, stud mill or other similar equipment for the initial treatment of a forest product, to facilitate its shipment for further processing. Forest products, as used in this definition, means timber and other resources grown upon the land or contiguous units of land where the primary processing facility is located.

Professional Services. Medical and health services, legal services and other professional services, including those related to: engineering, architecture, education, scientific research, accounting, planning, real estate, etc.

Property Line. "Property line" means the division line between two units of land.

Property Line Adjustment. A relocation or elimination of all or a portion of a common property line between abutting properties that does not create an additional lot or parcel.

Received. Acquired by or taken into possession by the Director.

Recreation. Any experience voluntarily engaged in largely during leisure (discretionary time) from which the individual derives satisfaction.

(1) Low-Intensity Recreation. Activities that do not require developed facilities and can be accommodated without change to the area or resource. For example, boating, hunting, hiking, wildlife photography, and beach or shore activities can be low-intensity recreation.

(2) High-Intensity Recreation. Uses specifically built facilities, or occurs in such density or form that it requires or results in a modification of the area or resource. Campgrounds, concentrated OHV use, golf courses, public beaches, and marinas are examples of high-intensity recreation.

Recreational Vehicle. A vacation trailer or other unit, with or without motive power, built on a single chassis and which is designed for human occupancy and to be used temporarily for recreational camping, seasonal or emergency purposes and has a floor space of less than 400 square feet, when measured at the largest horizontal projections, is designed to be self-propelled or permanently towable by a light duty truck. The term includes camping trailers, camping vehicles, motor homes, park trailers, bus conversions, van conversions, tent trailers, travel trailers, truck campers and any vehicle converted for use or partial use as a recreational vehicle. The unit shall be identified as a recreational vehicle by the manufacturer or converter.

Recreational Vehicle Park. A development designed primarily for transient service on which travel trailers, pickup campers, tent trailers and self-propelled motorized vehicles are parked and used for the purpose of supplying to the public a temporary location while traveling, vacationing or recreating.

Refinement Plan. Refinement plans are a detailed examination of the service needs and land use problems peculiar to a particular area. Refinements of the Comprehensive Plan can include specific neighborhood or community plans, or special

purpose or functional plans (such as water, sewer or transportation plans). In addition, refinement plan can be in the form of major planned unit developments, annexation and zoning applications, or other special area studies.

Removal. The act of removing or fact of being removed by a person: i.e., to cut the main stem or trunk of vegetation or to spray the foliage of vegetation which results in the significant loss of growth or health or the death of vegetation; to mechanically or manually disrupt or dislodge the root structure of vegetation resulting in significant loss of growth or health or causing the death of vegetation.

Replacement in Kind. The replacement of a structure of the same size as the original and at the same location on the property as the original.

Residential Care Facility. As authorized and regulated by state law, a care facility licensed by or under the authority of the Department of Human Resources under ORS 443.400 to 443.460 which provides residential care alone or in conjunction with treatment or training or a combination thereof for six to 15 individuals who need not be related. Staff persons required to meet DHR licensing requirements shall not be counted in the number of facility residents, and need not be related to each other or to any resident of the facility.

Residential Home. As authorized and regulated by state law, a care facility licensed by or under the authority of the Department of Human Resources under ORS 443.400 to 443.460 which provides residential care alone or in conjunction with treatment or training or a combination thereof for five or fewer individuals who need not be related. Staff persons required to meet DHR licensing requirements shall not be counted in the number of facility residents, and need not be related to each other or to any resident of the facility.

Restoration, Active. Use of specific positive remedial actions, such as removing fills, installing water treatment facilities or rebuilding deteriorated urban waterfront areas.

Restoration, Estuarine. Revitalizing, returning or replacing original attributes and amenities such as natural biological productivity, aesthetic and cultural resources, which have been diminished or lost by past alterations, activities or catastrophic events. For the purposes of LC 16.234 (NE-RCP), 16.235 (CE-RCP), 16.236 (DE-RCP); estuarine restoration means to revitalize or reestablish functional characteristics and processes of the estuary diminished or lost by past alterations, activities, or catastrophic events. A restored area must be a shallow subtidal or an intertidal or tidal marsh area after alteration work is performed, and may not have been a functioning part of the estuarine system when alteration work began.

Restoration, Passive. The use of natural processes, sequences and timing which occurs after the removal or reduction of adverse stresses without other specific positive remedial action.

Restoration, Shorelands. Revitalizing, returning or replacing original attributes and amenities such as natural biological productivity, aesthetic and cultural resources, which have been diminished or lost by past alterations, activities or catastrophic events. For the purposes of LC 16.237 (/SN-RCP), 16.238 (/PW-RCP), 16.239 (/NRC-RCP), 16.240 (/RD-RCP), 16.241 (/MD); shoreland restoration means to revitalize or reestablish functional characteristics and processes of the shoreland diminished or lost by past alterations, activities, or catastrophic events.

Riprap. A layer, facing, or protective mound of stones randomly placed to prevent erosion, scour or sloughing of a structure or embankment; also , the stone so used.

Roadside Stand. A use providing for the retail sale of any agricultural produce where more than one-half of the gross receipts result from the sale of produce grown on the unit of land where the roadside stand is located.

Rural Land. Land outside urban growth boundaries that is:

- (1) Non-urban agricultural, forest or open space;

(2) Suitable for sparse settlement, small farms or acreage homesites with no or minimal public services, and not suitable, necessary or intended for urban use; or

(3) In an unincorporated community.

School. A place or institution for learning and teaching in which regularly scheduled and suitable instruction meeting the standards of the Oregon State Board of Education is provided.

Seasonal Farm Worker Housing. Housing limited in occupancy by seasonal farm workers and their immediate families, which is occupied no more than nine months a calendar year. "Seasonal farm worker" means any person who, for an agreed remuneration or rate of pay, performs temporary labor for another to work in production of farm products or planting, cultivating or harvesting of seasonal agricultural crops or in forestation or reforestation of lands, including but not limited to the planting, transplanting, tubing, pre-commercial thinning and thinning of trees and seedlings, the clearing, piling and disposal of brush and slash and other related activities.

Service Station. Any building, land area or other premises, or portion thereof, used or intended to be used for the retail dispensing or sales of vehicular fuels; and including as an accessory use the sale and installation of lubricants, tires, batteries and similar accessories.

Sewerage Facility or Sewage Facility. The sewers, drains, treatment and disposal works and other facilities useful or necessary in the collection, treatment or disposal of sewage, industrial wastes, garbage or other wastes.

(1) Sewerage Facility, Community. A sewerage facility, whether publicly or privately owned, which serves more than one parcel or lot.

(2) Sewerage Facility, Individual. A privately owned sewerage facility which serves a single parcel or lot for the purpose of disposal of domestic waste products.

(3) Sewerage Facility, Public. A sewerage facility, whether publicly or privately owned, which serves users for the purpose of disposal of sewage and which facility is provided for or is available for public use.

Shelter Home. A certified foster home or a licensed facility contracted with the state Childrens' Services Division for the purpose of safekeeping of children taken into temporary custody pending investigation and disposition, where the circumstances are such that the children need not be kept in secure custody.

Sign. Any fabricated sign for use outdoors, including its structure, consisting of any letter(s), figure, character, mark, point, plane, design, poster, picture, stroke, stripe, line, trademark, reading matter or illuminating device which is constructed, attached, erected, fastened or manufactured in any manner whatsoever to attract the public in any manner for recognized purposes to any place, subject, person, firm, corporation, public performance, article, machine or merchandise display. However, the term "sign" shall not include any display of official, court or public notices, nor shall it include the flag, emblem or insignia of a nation, government unit, school or religious group, except such emblems shall conform to illumination standards set forth in this chapter.

Site, Residential. An area of more or less intensive development, surrounding a dwelling, not less than 60 feet wide, nor less than 6,000 square feet in area and comparable to a normal city lot.

Solid Waste Management. A planned program providing for the collection, storage and disposal of solid waste including, where appropriate, recycling and recovery.

Start of Construction. Includes substantial improvement and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the state of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land

preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways., nor does it include excavation for a basement, footings, piers or foundation, or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure.

State Plane Coordinate System. The system of plane coordinates which has been established by the U.S. Coast & Geodetic Survey for defining and stating the positions or locations of points on the surface of the earth within the State of Oregon.

Structure. Synonymous with the definition of building.

Structure in a Flood Hazard Area. A walled and roofed building, a mobile home or a tank used in the storage of gas or liquid which is principally above ground.

Structure or Facility that Provides Water-Dependent Access. For the purposes of LC 16.234 (NE-RCP), 16.235 (CE-RCP), 16.236 (DE-RCP), 16.237 (/SN-RCP), 16.238 (/PW-RCP), 16.239 (/NRC-RCP), 16.240 (/RD-RCP), 16.241 (/MD-RCP), 16.242 (/DMS-RCP), and 16.243 (/BD-RCP); anything constructed or installed, regardless of its present condition, functionality or serviceability, that provides or provided water dependent uses with physical access to the adjacent coastal water body. Examples include wharves, piers, docks, mooring piling, boat ramps, water intake or discharge structures, or navigational aids. For the purposes of this specific definition, "access" means physical contact with or use of the water.

Subdivide Land. To divide an area or tract of land into four or more lots within a calendar year.

Subdivision. Either an act of subdividing land or an area or a tract of land subdivided as defined in this section.

Substantial Damage. Damage sustained by a structure or manufactured home whereby the cost of restoring the structure or manufactured home to its before-damaged condition would equal or exceed 50 percent of the market value of the structure or manufactured home before the damage occurred.

Substantial Improvement. Any repair, reconstruction or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either, (a) before the improvement or repair is started, or (b) if the structure has been damaged, and is being restored, before the damage occurred. For the purpose of this definition "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either (1) any project or improvement of a structure to comply with existing state or local health, sanitary or safety code specifications which are solely necessary to assure safe living conditions, or (2) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

Temporary Alteration. Dredging, filling, or another estuarine alteration occurring over a specified short period of time THAT is needed to facilitate a use allowed by an acknowledged plan. Temporary alterations may not be for more than three years and the affected area must be restored to its previous condition. Temporary alterations include: (1) Alterations necessary for federally authorized projects (e.g., access to dredged material disposal sites by barge or pipeline and staging areas or dredging for jetting maintenance; (2) Alterations to establish mitigation sites, alterations for bridge construction or repair and for drilling or other exploratory operations; and (3) minor structures (such as blinds) necessary for research and educational observation.

Tidal Marsh. Wetlands from lower high water(LHW) inland to the line of non-aquatic vegetation.

Tract. A lot or parcel as defined in LC 16.090.

Urban. Those places which must have an incorporated city. Such areas may include lands adjacent to and outside the incorporated city and may also: (a) have

concentrations of persons who generally reside and work in the area, and (b) have supporting public facilities and services.

Urbanizable. Those lands within an urban growth boundary and which are identified and (a) determined to be necessary and suitable for future urban use areas, and (b) can be served by urban services and facilities, and (c) are needed for the expansion of an urban area.

Use. The purpose for which land, submerged or submersible lands, the water surface or a building is arranged, designed or intended, or for which either land or building is or may be occupied or maintained.

Veterinary Clinic. Synonymous with the definition of "animal hospital".

Water Dependent Use. A use or activity which can be carried out only on, in or adjacent to water areas because the use requires access to the water body for waterborne transportation, recreation, energy production or source of water.

(1) For the purposes of LC 16.234 (NE-RCP), 16.235 (CE-RCP), 16.236 (DE-RCP), 16.237 (/SN-RCP), 16.238 (/PW-RCP), 16.239 (/NRC-RCP), 16.240 (/RD-RCP), 16.241 (/MD-RCP), 16.242 (/DMS-RCP), and 16.243 (/BD-RCP); the following definitions apply:

(a) "Access" means physical contact with or use of the water;

(b) "Energy production" means uses which need quantities of water to produce energy directly (e.g. hydroelectric facilities, ocean thermal energy conversion);

(c) "Recreation" means water access for fishing, swimming, boating, or similar. Recreation uses are water dependent only if use of the water is an integral part of the activity.

(d) "Requires" means the use either by its intrinsic nature (e.g., fishing navigation, boat moorage) or at the current level of technology cannot exist without water access;

(e) "Source of water" means facilities for the appropriation of quantities of water for cooling, processing or other integral functions.

(f) "Water-borne transportation" means use of water access:

(i) Which are themselves transportation (e.g., navigation);

(ii) Which require the receipt of shipment of goods by water; or

(iii) Which are necessary to support water-borne transportation (e.g., moorage fueling, servicing of watercraft, ships, boats, terminal and transfer facilities).

(2) Typical examples of "water dependent uses" include the following:

(a) Aquaculture.

(b) Certain scientific and educational activities which, by their nature, require access to coastal waters, estuarine research activities and equipment mooring and support.

(c) Commercial. Commercial fishing marinas and support; fish processing and sales; boat sales, rentals, and supplies.

(d) For the purposes of LC 16.234 (NE-RCP), 16.235 (CE-RCP), 16.236 (DE-RCP), 16.237 (/SN-RCP), 16.238 (/PW-RCP), 16.239 (/NRC-RCP), 16.240 (/RD-RCP), 16.241 (/MD-RCP), 16.242 (/DMS-RCP), and 16.243 (/BD-RCP); examples of uses that are not "water dependent uses" include restaurants, hotels, motels, bed and breakfasts, residences, parking lots not associated with water dependent uses, and boardwalks.

(e) Industrial. Manufacturing to include boat building and repair; water-borne transportation, terminals, and support; energy production which needs quantities of water to produce energy directly; water intake structures for facilities needing quantities of water for cooling, processing, or more integral functions.

(f) Recreational. Recreational marinas, boat ramps and support.

Water Oriented Use. A use whose attraction to the public is enhanced by a view of or access to coastal waters.

Water Related Use. Uses which are not directly dependent upon access to a water body, but which provide goods or services that are directly associated with water dependent land or waterway use, and which, if not located adjacent to water, would result in public loss of quality in the goods or services offered. Except as necessary for water dependent or water related uses or facilities, residences, parking lots, spoil or dump sites, roads and highways, restaurants, businesses, factories and trailer parks are not generally considered dependent on or related to water location needs.

Wetlands. Those areas that are inundated or saturated by surface or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.

Width. The horizontal distance between the side boundary lines measured in the mean direction of the front and rear boundary lines.

Winery. A facility which produces wine and which (1) produces less than 50,000 gallons per year; and owns an onsite vineyard of at least 15 acres or a contiguous vineyard of at least 15 acres, or owns or has a long-term contract for all grapes used from a contiguous vineyard of at least 15 acres, or obtains grapes from any combination of these three sources; or (2) produces more than 50,000 gallons but less than 100,000 gallons per year; and owns an onsite vineyard of at least 40 acres or a contiguous vineyard of at least 40 acres, or owns or has a long-term contract for all grapes used from a contiguous vineyard of at least 40 acres, or obtains grapes from any combination of these three sources.

A winery as defined here shall allow only for the sale of wines produced in conjunction with the winery, and items directly related to wine, the sales of which are incidental to retail sale of wine onsite and which may include those served by a limited service restaurant as defined in ORS 624.010.

Yard. An open space on the same lot with a building unoccupied and obstructed from the ground upward, except as otherwise provided herein.

Yard, Front. A yard between the front line of the building (exclusive of steps) and the front property line.

Yard, Rear. An open, unoccupied space on the same lot with a building between the rear line of the building (exclusive of steps, porches and accessory buildings) and the rear line of the lot.

Yard, Side. An open, unoccupied space on the same lot with a building, between the sidewall line of the building and the side line of the lot. *(Revised by Ordinance No. 7-87, Effective 6.17.87; 12-87, 8.13.87; 19-87, 10.14.87; 12-90, 10.11.90; 3-91, 5.17.91; 10-92, 11.12.92; 12-97, 11.20.97; 5-02, 8.28.02; 10-07, 10.19.07; 2-09, 1.8.10)*

**NONIMPACTED FOREST LANDS ZONE (F-1, RCP)
RURAL COMPREHENSIVE PLAN**

16.210 Nonimpacted Forest Lands Zone (F-1, RCP).

(1) Purpose. The purpose of the Nonimpacted Forest Lands District (F-1, RCP) is:

(a) To implement the forest land policies of the Lane County Rural Comprehensive Plan, and the forest land policies of the Eugene/Springfield Metro Area General Plan.

(b) To conserve forest land for uses consistent with Statewide Planning Goal 4.

(2) Permitted Uses. The following uses and activities are permitted subject to the general provisions and exceptions set forth by this chapter of Lane Code.

(a) Forest operations or forest practices including, but not limited to, reforestation of forest land, road construction and maintenance, harvesting of any forest tree species, application of chemicals, and disposal of slash.

(b) Temporary onsite structures which are auxiliary to and used during the term of a particular forest operations.

(c) Physical alteration to the land auxiliary to forest practices including, but not limited to, those made for purposes of exploration, mining, commercial gravel extraction and processing, landfills, dams, reservoirs, road construction or recreational facilities. "Auxiliary" means a use or alteration of the land which provides help or is directly associated with the conduct of a particular forest practice. An auxiliary structure is located on site, temporary in nature, and is not designed to remain for the forest's entire growth cycle from planting to harvesting. An auxiliary use is removed when a particular forest practice has concluded.

(d) Farm use.

(e) Private hunting and fishing operations without any lodging accommodations.

(f) Towers and fire stations for forest fire protection.

(g) Water intake facilities, canals and distribution lines for farm irrigation and ponds.

(h) Caretaker residences for public parks and fish hatcheries.

(i) Exploration for and production of geothermal, gas, oil, and other associated hydrocarbons, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the well head.

(j) Maintenance, repair or replacement of existing dwellings.

(k) Widening of roads within existing rights-of-way and the following:

(i) Climbing and passing lanes within the right-of-way existing as of July 1, 1987;

(ii) Reconstruction or modification as defined in LC 15.010 of public roads and highways, including channelization as defined in LC 15.010, the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result;

(iii) Temporary public road and highway detours that will be abandoned and restored to the condition or use in effect prior to construction of the detour at such time as no longer needed; or

(iv) Minor betterment of existing public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, within right-of-way

existing as of July 1, 1987, and contiguous public-owned property utilized to support the operation and maintenance of public roads and highways.

(v) Operations, maintenance, and repair as defined in LC 15.010 of existing transportation facilities, services, and improvements, including road, bicycle, pedestrian, port, airport and rail facilities, and major regional pipelines and terminals.

(vi) Preservation as defined in LC 15.010, and rehabilitation activities and projects as defined in LC 15.010 for existing transportation facilities, services, and improvements, including road, bicycle, pedestrian, port, airport and rail facilities, and major regional pipelines and terminals.

(vii) Dedication and acquisition of right-of-way, authorization of construction and the construction of facilities and improvements, where the improvements are otherwise allowable and consistent with clear and objective dimensional standards.

(viii) Changes in the frequency of transit, rail and airport services.

(3) Uses Subject to Director Approval. The following uses may be allowed provided a land use application is submitted pursuant to LC 14.050 and approved pursuant to LC 14.100. The uses in LC 16.210(3)(a)-(u) may be allowed provided requirements in LC 16.210(5) below are met. The uses in LC 16.210(3)(v)-(bb) may be allowed provided the application contains adequate evidence demonstrating the proposed use fits within the listed classification.

(a) Permanent logging equipment repair and storage.

(b) Log scaling and weigh stations.

(c) Parks.

(d) Campgrounds for areas devoted to overnight temporary use for vacation, recreational or emergency purposes, but not for residential purposes and not including intensively developed recreational uses such as swimming pools, tennis courts, retail stores or gas stations. A camping site may be occupied by a tent, travel trailer or recreational vehicle.

(e) Television, microwave, and radio communication facilities and transmission towers.

(f) Fire stations for rural fire protection.

(g) Utility facilities for the purpose of generating five (5) megawatts or less of power.

(h) Aids to navigation and aviation.

(i) Water intake facilities, related treatment facilities, pumping stations, and distribution lines.

(j) Reservoirs and water impoundment.

(k) Cemeteries.

(l) New distribution lines (e.g., electrical, gas, oil, geothermal) with rights-of-way 50 feet or less in width.

(m) Temporary asphalt and concrete batch plants as accessory uses to specific highway projects.

(n) Home occupations, subject to the following conditions and annual review:

(i) Will be operated by a resident of the property on which the business is located.

(ii) Will employ no more than five full or part-time persons.

(iii) Will be operated in an existing dwelling or mobile home, or other existing buildings normally associated with uses permitted under LC 16.210(2) above.

(iv) Any structure that would not otherwise be allowed in this zone shall not be allowed for use as a home occupation.

(v) Will not interfere with existing uses on nearby land or with other uses permitted under LC 16.210(2) above.

(vi) Will comply with sanitation and building code requirements.

(vii) Will not be used as a justification for a zone change.

(viii) Will comply with any additional conditions of approval.

(ix) Approved applications for home occupations shall be valid until December 31 of the year that the application was initially approved or until December 31 of the year for which an extension of the approval was granted by the Director as provided below. Prior to December 31 of each year, the property owner or applicant who received initial approval, or a renewal pursuant to this section, shall provide the Director with written request for renewal of the Home Occupation and written information sufficient to allow the Director to determine if the Conditions of Approval and other approval criteria have been satisfied. The Director shall review this information for each approved home occupation to determine if it continues to comply with the conditions of approval. Home occupations which continue to comply with the conditions of approval shall receive a one-year extension of approval to December 31 of the following year, and such extension shall be put in writing by the Director and mailed to the owner of the property upon which the home occupation is located. Home occupations which do not comply with the conditions of approval, or for which a request for renewal is not received pursuant to this section, shall not receive extended approval by the Director, and the Director shall mail written notice of the decision not to extend the approval to the owner of the property upon which the home occupation is located.

(o) One temporary mobile home in conjunction with an existing dwelling or mobile home provided the following requirements are met:

(i) A resident of the existing dwelling or mobile home and a resident of the temporary mobile home are relatives. "Relative" means grandparent, parent, child, brother, or sister.

(ii) A relative of one of the residences suffers a hardship and needs care from the relative in the other residence.

(iii) Satisfactory evidence of the relative's hardship is furnished which shall include:

(aa) A written statement, on a form provided by the Department, from the relative's physician, therapist or other professional counselor, disclosing the existence and general nature of the hardship.

(bb) A written statement, on the form provided by the Department, disclosing person with the hardship qualifies as a relative of the person who will provide care.

(iv) The temporary mobile home will be located on the same lot or parcel as the existing dwelling or mobile home.

(v) The temporary mobile home will be connected to the same on-site sewage disposal system serving the existing dwelling or mobile home. If the temporary mobile home will use a public sanitary sewer system, use of an on-site sewage disposal system will not be required.

(vi) The temporary mobile home will comply with sanitation and building code requirements.

(vii) Approval of temporary mobile home permits shall be valid until December 31 of the year following the year of original permit approval and may be renewed once every two years until the hardship situations cease.

(p) Expansion of lawfully existing airports.

(q) Transportation facilities and uses described as follows:

(i) Construction of additional passage and travel lanes requiring the acquisition of additional right-of-way but not resulting in the creation of new parcels.

(ii) Reconstruction or modification as defined in LC 15.010 of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new parcels.

(iii) Improvement of public roads and highway-related public facilities such as maintenance yards, weigh stations and rest areas, where additional property or right-of-way is required but not resulting in the creation of new parcels.

(iv) Bikeways, footpaths, and recreation trails not otherwise allowed as a reconstruction or modification project or part of an existing road.

(v) Park and ride lots.

(vi) Railroad mainlines and branchlines.

(vii) Pipelines.

(viii) Navigation channels.

(ix) Realignment as defined in LC 15.010 not otherwise allowed under LC 16.210(2) or LC 16.210(3), subject to LC 16.210(5)(d).

(x) Replacement of an intersection with an interchange, subject to LC 16.210(5)(d).

(xi) Continuous median turn lanes, subject to LC 16.210(5)(d).

(xii) Subject to LC 16.210(5)(d), New Roads as defined in LC 15.010 that are County Roads functionally classified as Local Roads or Collectors, or are Public Roads or Local Access Roads as defined in LC 15.010(35) in areas where the function of the road is to reduce local access to or local traffic on a state highway. These roads shall be limited to two travel lanes. Private access and intersections shall be limited to rural needs or to provide adequate emergency access.

(xiii) Subject to LC 16.210(5)(d), transportation facilities, services and improvements other than those listed in LC 16.210 that serve local travel needs. The travel capacity and level of service of facilities and improvements serving local travel needs shall be limited to that necessary to support rural land uses identified in the Rural Comprehensive Plan or to provide adequate emergency access.

(r) Private accommodations for fishing occupied on a temporary basis may be allowed subject to compliance with LC 16.210(6)(a) or (b) below, LC 16.210(6)(c)-(f) below, and the following requirements:

(i) Accommodations are limited to no more than 15 guest rooms as that term is defined in the Oregon Structural Specialty Code.

(ii) Only minor incidental and accessory retail sales are permitted.

(iii) Accommodations are occupied temporarily for the purpose of fishing during fishing seasons authorized by the Oregon Fish and Wildlife Commission.

(iv) Accommodations are located within 1/4 mile of fish bearing Class I waters.

(s) Forest management research and experimentation facilities as defined by ORS 526.215 or where accessory to forest operations.

(t) Permanent facility for the primary processing of forest products.

(u) Disposal site for solid waste approved by Lane County for which the Department of Environmental Quality has granted a permit under ORS 459.245, together with equipment, facilities or buildings necessary for its operation.

(v) Uses to conserve soil, air, and water quality and to provide for wildlife and fisheries resources.

(w) Additional local distribution lines within existing rights-of-way (e.g., electric distribution transformers, meter cabinets, terminal boxes, pedestals), or which provide service hookups, including water service hookups.

(x) Temporary portable facility for the primary processing of forest products.

(y) Exploration for mineral and aggregate resources as defined in ORS Chapter 517.

(z) Uninhabitable structures accessory to fish and wildlife enhancement.

(aa) Temporary forest labor camps.

(4) Uses Subject to Hearings Official Approval. The following uses may be allowed provided a land use application is submitted pursuant to LC 14.050 and approved by the Hearings Official pursuant to LC 14.300, and provided the requirements in LC 16.210(5) below are met:

(a) Mining and processing of oil, gas, or other subsurface resources, as defined in ORS Chapter 520, and not otherwise permitted under LC 16.210(2)(i) above (e.g., compressors, separators and storage serving multiple wells), and mining and processing of aggregate and mineral resources as defined in ORS Chapter 517.

(b) Firearms training facility.

(c) Private seasonal accommodations for fee hunting operations may be allowed subject to LC 16.210(6)(a) or (b), LC 16.210(6)(c)-(f), and the following requirements:

(i) Accommodations are limited to no more than 15 guest rooms as that term is defined in the Oregon Structural Specialty Code, and

(ii) Only minor incidental and accessory retail sales are permitted.

(iii) Accommodations are occupied temporarily for the purpose of hunting during game bird and big game hunting seasons authorized by the Oregon Fish and Wildlife Commission.

(5) Criteria for Uses Subject to Approval by the Director or Hearings Official. Uses authorized by LC 16.210(3)(a)-(u) and (4) above may be allowed provided the following requirements are met:

(a) The proposed use will not force a significant change in or significantly increase the cost of, accepted farming or forest practices on agriculture or forest lands.

(b) The proposed use will not significantly increase fire hazard or significantly increase fire suppression costs or significantly increase risks to fire suppression personnel.

(c) For uses authorized above in LC 16.210(3)(c), (d), (j), (n), (o) and (r), a written statement recorded with the deed or written contract with the County or its equivalent is obtained from the landowner which recognizes the rights of adjacent and nearby landowners to conduct forest operations consistent with the Forest Practices Act and Rules.

(d) Transportation facilities and uses listed in LC 16.210(3)(q)(ix) through (xiii) shall comply with the following:

(i) Identify reasonable build design alternatives, such as alternative alignments, that are safe and can be constructed at a reasonable cost, not considering raw land costs, with available technology. The jurisdiction need not consider alternatives that are inconsistent with applicable standards or not approved by a registered professional engineer;

(ii) Assess the effects of the identified alternatives on farm and forest practices, considering impacts to farm and forest lands, structures and facilities, considering the effects of traffic on the movement of farm and forest vehicles and equipment and considering the effects of access to parcels created on farm and forest lands; and

(iii) Select from the identified alternatives, the one, or combination of identified alternatives that has the least impact on lands in the immediate vicinity devoted to farm or forest use.

(e) For uses authorized above in LC 16.210(4), the proposed uses will not significantly conflict with the livability and appropriate uses on adjacent and nearby lands.

(6) Siting Standards for Structures and Other Uses. The following siting standards shall apply to all structures and other uses as specified above in LC 16.210(3) and (4). These standards are designed to make such uses compatible with forest operations and agriculture, to minimize wildfire hazards and risks and to conserve values found on forest lands. The standards in LC 16.210(6)(a)-(b) below shall be weighed together with the requirements in LC 16.210(6)(c) and (e) below to identify the building site.

(a) Setbacks. Residences and structures shall be sited as follows:

(i) Near residences on other tracts, near existing roads, on the most level part of the tract, on the least suitable portion of the tract for forest use and at least 30 feet from any ravine, ridge or slope; and

(ii) With minimal intrusion into forest areas undeveloped by nonforest uses; and

(iii) Where possible, when considering LC 16.210(6)(a)(i) and (ii) above and the dimensions and topography of the tract, at least 500 feet from the adjoining lines of property zoned F-1 and 100 feet from the adjoining lines of property zoned F-2 or EFU; and

(iv) Except for property located between the Eugene-Springfield Metropolitan Area General Plan Boundary and the Eugene and Springfield Urban Growth Boundaries, where setbacks are provided for in LC 16.253(6), the riparian setback area shall be the area between a line 100 feet above and parallel to the ordinary high water of a Class I stream designated for riparian vegetation protection in the Rural Comprehensive plan. No structure other than a fence shall be located closer than 100 feet from ordinary high water of a Class I stream designated for riparian vegetation protection by the Rural Comprehensive Plan. A modification to the riparian setback standard for a structure may be allowed provided the requirements of LC 16.253(3) or LC 16.253(6), as applicable, are met; and

(v) Not closer than:

(aa) 20 feet from the right-of-way of a state road, County road or a local access public road specified in LC Chapter 15; and

(bb) 10 feet from all other property lines.

(b) The amount of forest lands used to site access roads, service corridors and structures shall be minimized.

(c) Fire Safety Measures. Residences, structures and roads shall comply with the following fire safety measures:

(i) Fuel Breaks. Fuel breaks around residences shall be maintained as follows:

(aa) Primary Safety Zone. The primary safety zone is a fire break extending a minimum of 30 feet in all directions around dwellings. The goal within the primary safety zone is to exclude fuels that will produce flame lengths in excess of one foot. Vegetation within the primary safety zone could include green lawns and low shrubs (less than 24 inches in height). Trees shall be spaced with greater than 15 feet between the crowns and pruned to remove dead and low (less than eight feet) branches. Accumulated leaves, needles, and other dead vegetation shall be removed from beneath trees. Nonflammable materials (i.e., rock) instead of flammable materials (i.e., bark mulch) shall be placed next to the house.

As slope increases, the primary safety zone shall increase away from the house, parallel to the slope and down the slope, as shown in the table below:

Size of the Primary Safety Zone by Percent Slope		
% Slope	Feet of Primary Safety Zone	Feet of Additional Safety Zone Down Slope
0	30	0
10	30	50
20	30	75
25	30	100
40	30	150

Building shall be restricted to slopes of less than 40 percent.

(bb) **Secondary Fuel Break.** The secondary fuel break is a fuel break extending a minimum of 100 feet in all directions around the primary safety zone. The goal of the secondary fuel break is to reduce fuels so that the overall intensity of any wildfire would be lessened and the likelihood of crown fires and crowning is reduced. Vegetation within the secondary fuel break shall be pruned and spaced so that fire will not spread between crowns of trees. Small trees and brush growing underneath larger trees shall be removed to prevent spread of fire up into the crowns of the larger trees. Dead fuels shall be removed.

(ii) **Fire Suppression Water Supplies.** An adequate fire suppression system shall be provided. Unless otherwise authorized by the local fire official, the minimum acceptable system shall include the following:

(aa) A water supply such as a pond, stream, tank, well, sump or any combination thereof, together with a delivery system capable of sustaining a volume of 20 gallons per minute for not less than 20 minutes. If a water supply is available and suitable for fire protection, such as a swimming pool, pond, stream, or lake, then road access to within 15 feet of the water's edge shall be provided for pumping units. The road access shall accommodate the turnaround of fire fighting equipment during the fire season. Permanent signs shall be posted along the access route to indicate the location of the emergency water source.

(bb) Sufficient water outlets, together with serviceable hose not less than three-quarter inch inside diameter and a nozzle to reach the dwelling and nearby improvements.

(cc) The water supply, pump, hose and nozzle shall be maintained as a connected, operating unit ready for immediate use during period of fire danger.

(iii) **Chimneys and Roofs.** Residences or structures with any chimneys shall have a spark arrestor on the chimneys, and residences shall have a fire retardant roof.

(d) **Domestic Water Supplies.** Evidence shall be provided that the domestic water supply is from a source authorized in accordance with the Department of Water Resources Oregon Administrative Rules for the appropriation of ground water (OAR 690, Division 10) or surface water (OAR 690, Division 20) and not from a Class II stream as defined in the Forest Practices Rule (OAR 629-24-101(3)). If the water supply is unavailable from public sources or sources located entirely on the property, then the applicant shall provide evidence that a legal easement has been obtained permitting domestic water lines to cross the properties of affected owners.

(e) **Fire Safety Design Standards for Roads and Driveways.** Private driveways, roads or bridges accessing only commercial forest uses are not subject to compliance with these fire safety design standards for roads and driveways. An applicant shall provide evidence and a clear explanation which demonstrates why the route of access for fire fighting equipment, from the fire station to the destination point, across public roads, bridges, private roads or private access easements and driveways will comply with the standards specified below in LC 16.210(6)(e). Evidence of compliance

with the standards specified in LC 16.210(6)(e) below should include objective information about the fire fighting equipment, the physical nature of the access route, the nature of any proposed improvements to the access route, and it may also include a written verification of compliance from the agency providing fire protection, or a written certification of compliance from an Oregon Registered Professional Engineer. As used herein, "road" means a way of access used for more than one use and accessory uses. As used herein "driveway" means a way of access used for one use and accessory uses.

(i) **Road and Driveway Surfaces.** Roads shall have unobstructed widths of at least 20 feet including: travel surfaces with widths of at least 16 feet constructed with gravel to a depth sufficient to provide access for fire fighting vehicles and containing at least six inches in depth of gravel or with paving having a crushed base equivalent to six inches of gravel, an unobstructed area two feet in width at right angles with each side of the constructed surface, survey radii of at least 50 feet, and a vertical clearance of at least 13 feet 6 inches. Driveways shall have: constructed widths of at least 12 feet with at least six inches of gravel or with paving having a crushed base equivalent to six inches of gravel and shall have a vertical clearance of 13 feet 6 inches.

(ii) **Cul-de-sacs.** Any dead-end road over 200 feet in length and not maintained by Lane County shall be considered a cul-de-sac and shall meet these standards for cul-de-sacs. Cul-de-sacs shall have a right-of-way width with a radius of at least 45 feet and an improved surface with a width of at least 36 feet. Dead-end roads shall have cul-de-sacs spaced at intervals of not less than 500 feet. Cul-de-sacs on private roads shall be marked and signed by applicants as "NO PARKING," and such signs shall be of metal or wood construction with minimum dimensions of 12 inches by 12 inches. No cul-de-sacs shall be allowed to cross any slope which will allow chimney-effect draws unless the dangerous effects of the chimney-effect draws have been mitigated by the location of the road and, where necessary, by the creation of permanent fire breaks around the road.

(iii) **Bridges and Culverts.** Bridges and culverts shall be constructed to sustain a minimum gross vehicle weight of 50,000 lbs. and to maintain a minimum 16-foot road width surface or a minimum 12-foot driveway surface.

(iv) **Road and Driveway Grades.** Road and driveway grades shall not exceed 16 percent except for short distances when topographic conditions make lesser grades impractical. An applicant must submit objective evidence demonstrating that road and driveway grades in excess of eight percent are adequate for the fire fighting equipment of the agency providing fire protection to access the use, fire fighting equipment and water supply.

(v) **Identification.** Roads shall be named and addressed in compliance with LC 15.305-15.335.

(vi) **Driveway Vehicle Passage Turnouts.** Driveways in excess of 200 feet shall provide for a 20-foot passage space (turn out) at a maximum spacing of 400 feet, or wherever visibility is limited these distances shall be reduced to allow for safe visual conduct.

(vii) **Modifications and Alternatives.** The standards in LC 16.210(6)(e)(i)-(vi) above may be modified by the Approval Authority provided the applicant has submitted objective evidence demonstrating that an alternative standard would insure adequate access for fire fighting equipment from its point of origination to its point of destination. Examples of some possible alternatives to the standards in the above LC 16.210(6)(e)(i)-(vi) are provided below in LC 16.210(6)(vii).

Vehicle passage turnouts constructed at appropriate intervals and constructed to at least eight feet in width with six inches of gravel may be acceptable alternatives to the road and driveway width standards mentioned above in LC 16.210(6)(e)(i). Hammerhead turn-a-rounds may be an acceptable alternative to the standards for cul-de-sacs mentioned above in LC 16.210(6)(e)(ii). Railway flat bed cars of sufficient strength

to maintain a minimum gross weight of 50,000 lbs. may be an acceptable alternative for short bridges or private roads and driveways. Road or driveway paving having a crushed base equivalent to six inches of base gravel may be an acceptable alternative for allowing grades in excess of those required above in LC 16.210(6)(e)(iv).

(7) Other Development Standards.

(a) Maintenance, Removal and Replacement of Indigenous Vegetation within the Riparian Setback Area. Maintenance, removal and replacement of indigenous vegetation within the riparian setback area designated for riparian vegetation protection by the comprehensive plan must comply with the provisions of LC 16.253(2) or LC 16.253(6), as applicable.

(b) Signs.

(i) Signs shall not extend over a public right-of-way or project beyond the property line.

(ii) Signs shall not be illuminated or capable of movement.

(iii) Signs shall be limited to 200 square feet in area.

(8) Area. The minimum area requirement for the division of land shall be as follows:

(a) 80 acres.

(b) The minimum land division standard in LC 16.210(8)(a) above may be waived to allow a division of forest land involving a dwelling lawfully existing prior to the date of adoption of this rule provided:

(i) The new parcel containing the dwelling is no larger than five acres; and

(ii) The remaining forest parcel, not containing the dwelling, contains 80 acres; or

(iii) The remaining forest parcel, not containing the dwelling, is consolidated with another parcel which together meet the minimum land division standards of LC 16.210(8)(a) above.

(c) The minimum land division standard in LC 16.210(8)(a) above may be waived to allow uses identified above in: LC 16.210(2)(i); LC 16.210(3)(a) through (k), (t) and (u); and LC 16.210(4)(a) and (b); provided that such uses have been approved in compliance with LC 16.210(5) above.

(d) A division of a lot or parcel if the proposed division of land is for the purpose of allowing a provider of public parks or open space, or a not-for-profit land conservation organization, to purchase one of the resulting parcels as provided in LC 16.210(8)(d)(i)-(iv), below:

(i) A parcel created by the land division that is not sold to a provider of public parks or open space or to a not-for-profit land conservation organization must comply with the following:

(aa) If the parcel contains a dwelling or another use allowed under LC 16.210, the parcel must be large enough to support continued residential use or other allowed use of the parcel, or

(bb) If the parcel does not contain a dwelling, the parcel is eligible for siting a dwelling as may be authorized under LC 16.210 based on the size and configuration of the parcel.

(ii) Before approving a proposed division of land under this section, the Planning Director shall require as a condition of approval that the provider of public parks or open space, or the not-for-profit conservation organization, present for recording in Lane County Deeds and Records, an irrevocable deed restriction prohibiting the provider or organization and their successors in interest from:

(aa) Establishing a dwelling on the parcel or developing the parcel for any use not authorized in LC 16.210 except park or conservation uses; and

(bb) Pursuing a cause of action or claim of relief alleging an injury from farming or forest practices for which a claim or action is not allowed under ORS 30.936 or 30.937.

(iii) If a proposed division of land under LC 16.210(8)(d) results in the disqualification of a parcel for a special assessment described in ORS 308A.718 or the withdrawal of a parcel from designation as riparian habitat under ORS 308A.365, the owner must pay additional taxes as provided under ORS 308A.371 or 308A.700 to 308A.733 before the Planning Director may approve the division.

(iv) The Planning Director shall maintain a record of parcels that do not qualify for development of the property under restrictions imposed by LC 16.210(8)(d)(ii)(aa) and (bb), above. The record shall be readily available to the public.

(e) Notice of a decision for an application pursuant to LC 16.210(8) above shall occur in compliance with LC 16.100(3).

(9) Telecommunication Towers. Notwithstanding the requirements in LC 16.210(3) above, telecommunication facilities are allowed subject to compliance with the requirements of LC 16.264 and with applicable requirements elsewhere in LC Chapter 16 including but not necessarily limited to: the riparian vegetation protection standards in LC 16.253; Floodplain Combining Zone (LC 16.244); Willamette Greenway Development Permits (LC 16.254); the Coastal Resource Management Combining Zones (LC 16.234, 16.235, 16.236, 16.237, 16.238, 16.239, 16.240, 16.241, 16.242, or 16.243); Federal or State of Oregon inventories and regulations applicable to delineated wetlands and waters of the nation or state; the Commercial Airport Safety Combining Zone (LC 16.245) and the Airport Safety Combining Zone (LC 16.246); and the Sensitive Bird Habitat protection Standards and Criteria in LC 16.005(4). *(Revised by Ordinance No. 7-87, Effective 6.17.87; 18-87, 12.25.87; 14-89, 2.2.90; 12-90, 10.11.90; 11-91A, 8.30.91; 17-91, 1.17.92; 10-92, 11.12.92; 4-02, 4.10.02; 10-04, 6.4.04; 5-04, 7.1.04)*
