

PASSED

IN THE BOARD OF COUNTY COMMISSIONERS OF LANE COUNTY, OREGON

ORDER NO. 00-09-27-9

IN THE MATTER OF APPROVING AN INTERGOVERNMENTAL AGREEMENT WITH THE CITIES OF EUGENE AND SPRINGFIELD FOR THE PURPOSE OF COLLABORATIVELY ACCOMPLISHING REPLACEMENT OF THE AREA INFORMATION RECORDS SYSTEM (AIRS).

WHEREAS, Lane County is and has been a partner in a Consortium to use and maintain the AIRS regional public safety computer system for more than 30 years, and

WHEREAS, the AIRS system has delivered substantial operational and cost efficiencies, and

WHEREAS, the partners have built their agency business practices around the AIRS shared system functions and data, and

WHEREAS, the AIRS computer based system is in need of replacement because it is technically obsolete, and because it fails to meet management information needs and changing business needs resulting from both policy and legislation, and

WHEREAS, the partners are committed to a replacement for the AIRS mainframe system with automated systems that are state of the art and that take advantage of the efficiencies of data and cost sharing, and

WHEREAS, the partners are committed to funding the conversion effort, and

WHEREAS, there is a need to examine, plan, and cooperate in business and governance changes that are appropriate within the context of using new systems and practices for automated support.

Therefore, the Intergovernmental Agreement with the Cities of Eugene and Springfield for the purpose of collaboratively accomplishing a replacement of the Area Information Records System (AIRS) is approved and the County Administrator is authorized to sign the Agreement.

DATED this 27th day of September, 2000
