The Veterans Service Office assists veterans and their qualifying family members obtain benefits from the Dept. of Veteran Affairs (VA) based on the veteran's military service. The main benefits we obtain for our clients are eligibility for VA health care, service connected compensation (akin to Worker's Comp for the military) and a needs-based pension which often can significantly help veterans and surviving spouses afford long-term care.

State/Federal Mandate

ORS 406.460 requires County maintenance of effort at FY 05-06 General Fund level (\$132,690) in order to receive State Veteran Services Expansion and Enhancement (E&E) program funding. Oregon Constitution, Art. XI-A, Sec. 1 and OAR 274-030-0545 et seq., which establish "Aid to Counties" program.

Leverage Details

The General Fund portion of this program leverages the following:

	back to the General Fund
\$213,526	into other County Funds
	directly or via subcontract to community organizations
\$9,009,928	directly to community members via service provided

For the purpose of this comparison, only include leveraged funds that are dependent on General Fund revenue. Do not include funds that would still be leveraged if the General Fund portion of the service were decreased or eliminated.

Comments

Veteran Services is currently coordinating with other local veteran services providers to prepare for the return from Iraq of the Oregon National's 41st Brigade Combat Team. This deployment is the State's largest since WWII, and for many local Guard members this is their third deployment to Iraq or Afghanistan. Of the nearly 3000 members deployed, approximately 400 are from Lane County.
