THIS SECTION - OFFICE USE ONLY

The extension request on Permit Number: has been granted (denied).

A new application for project authorization is required to be submitted for review after expiration date: if no inspections are scheduled or additional extension requests submitted. Each inspection request or approved extension request sets a new expiration deadline six months from that date. Please note that more than one extension request may be granted upon Building Official approval. Work must still be in progress at site. (OSSC 105.5)
